U-BOATS SINK 3 U. S. SHIPS

Sailing Vessels, Barbara, Dirigo and Frances M. Sent Down, London Word.

ONE THIRD MATE DROWNS

(By Associated Press Leased Wire.)

London, June 1, 1917. The admiralty reports that the American sailing vessel Barbara was attacked by gunfire of a German submarine at 7 o'clock on the morning of May 24. All the members of the crew were landed at Gibraltar.

Third Mate Drowned.
London, Thursday, May 31.—(Delayed.)—The American sailing ship Dirigo has been sunk by a German submarine. The crew has been landed with the exception of John Ray, third mate, who was drowned when the small boat was being launched. The boat attacked without warning.

The Dirigo was attacked at 7 o'clock in the morning. The weather was fine and calm. The men were rescued before 9 o'clock. Joseph G. Stephens, American consul at Plymouth, is caring for the survivors.

Attacked by Gunfire.
A statement issued by the British admiralty says that the Dirigo was attacked by gunfire by a German submarine which gave no warning. The vessel was subsequently sunk by bombs after it had been ransacked by the crew of the submarine. The sinking occurred May 31 and the crew was landed at Plymouth.

The Dirigo was a four-masted sailing ship of 2,000 tons, owned by A. Stewart & Co. of Maine. It sailed from New York on May 3 for Havre in command of Capt. J. A. Urquhart and carried a crew of 31 men, nine of whom were American citizens.

Third Sailing Ship Sunk.
London, June 1, 1917.—The American sailing ship Frances M. was attacked by gunfire on the morning of May 18, according to a report from Cadix given out today by the admiralty. All the members of the crew are at Cadix.

The American schooner Frances M. owned by Charles W. Minott and registered at Bath, Me., sailed from New York April 7 for a European port. It carried a crew of nine men.

ST. LOUIS CYCLONE DEATH TOLL IS INCREASING

(By Associated Press Leased Wire.)

St. Louis, Mo., June 1.—The death toll of the tornado that straddled through several counties in southeastern Missouri and southern Illinois Wednesday swelled to 75 last night, according to scattered reports received here over crippled wires. Hundreds were injured and are homeless but relief work has been prompt and it is not believed much suffering, aside from injuries, has resulted.

Two carloads of clothing and food were sent into the storm area from St. Louis and relief funds started by St. Louis newspapers already total almost \$4,000.

The property damage can hardly be determined but conservative estimates placed it at several million dollars. Crops suffered severely from the twisting wind, and were beaten down and torn by a heavy wind and hail fall.

SOUSA TAKES CHARGE OF NAVY SCHOOL MUSIC

(By Associated Press Leased Wire.)

Chicago, June 1.—John Phillip Sousa, bandmaster and now an officer of the United States navy with the provision rank of lieutenant, charged with the task of organizing naval bands at the Great Lakes naval training station, left for New York today to assemble a carload of band music for the blue-jacketed musicians.

"I am going to test the patriotism of every music publisher in the east with a good tune on his shelves, by asking them all to contribute the music to the boys at Great Lakes," he said.

Here are four of the commanders of great dreadnaughts of the mighty Atlantic fleet. Captain H. B. Wilson is in command of the superdreadnaught Pennsylvania, Admiral Mayo's flagship. Captain Rolland Weller is in command of the superdreadnaught Oklahoma, Captain W. H. G. Bullard in command of the Arkansas and Captain J. A. McDonald in command of the Arizona.

TRAINING CAMP FOOD TO BE FURNISHED FREE

(By Associated Press Leased Wire.)

Fort Sheridan, Ill., June 1.—Candidates for commissions in the United States army for the officers' reserve training camp here will not have to pay for any part of their food, according to an announcement today. It was planned that food would be supplied the men for \$1 a day, the government to pay for three-fourths of the food and the men for one-fourth. Col. William J. Nicholson, in charge of the post, announced that this close buying and elimination of expense and waste the government could feed the men as well for 75 cents as ordinarily could be done for \$1 a day and the money that the men have already paid in for their share of their food supplies will be refunded.

FORMER VILLA MAJOR GAILY MEETS GUN SQUAD

(By Associated Press Leased Wire.)

Juarez, Mexico, May 31.—Elutaria Sosa, formerly a major in the Villa army, was executed here today after a conviction by court martial on the charge of buying ammunition for the rebels. Sosa rode to the execution place in an open automobile gaily responding to greetings of people along the way and bidding them goodbye. He gave the command to shoot to the firing squad.

AMERICAN FRUIT MUCH IN DEMAND IN BRAZIL

(By Associated Press Leased Wire.)

Washington, June 1.—American fruits, particularly apples and pears, are in great favor in Brazil and Argentina. This is evidenced by a government report, made public today, showing that the two countries now import 80,000 barrels of apples and 40,000 boxes of pears annually from the United States.

RUSH HOME GUARD BILL THRU SENATE

Measure Fixing Pay of Guardsmen Temporarily at One Dollar per Day Also Up.

Both Measures Pass Without Opposition and Will Go to London for Signatures.

(By Associated Press Leased Wire.)

Springfield, Ill., June 1.—The senate today rushed thru two emergency military bills, one by Senator Buck to create a reserve militia according to the Oglesby plan, approved by the state council of defense, and Senator Cliffe's bill to fix the pay of enlisted men of the national guard and naval reserve at \$1 a day until the determination of the national emergency act set forth by congress.

To Rush Bills Thru.
The bills were passed without opposition and an effort will be made to rush them thru the house so they will be ready for the governor's signature next week.

The Buck bill, which received some opposition from organized labor, would enable the governor to order the organization of additional militia forces for home defense.

WATERMAN

Waterman, Ill., May 31.—The shining, bee at the Presbyterian church Thursday was a success. Enough men with hatchets were present to cover the roof, and the job was completed by the middle of the afternoon. The women served a dinner.

Mrs. Edward Huff was an Aurora shopper Monday.

Mr. and Mrs. Charles Woods motored to DeKalb Monday.

Ralph Roberts of Sycamore spent Sunday at his home here.

Miss Elsie Schultz spent Sunday in Aurora at her aunt's home.

John Woods and son Preston went to Chicago Saturday to drive out their car.

Mr. and Mrs. Harry Minnich went to Rockford to visit relatives a few days.

Mrs. Gordon of Hinckley spent the day Saturday with her daughter, Mrs. J. Bert Johnson.

Miss Ott who teaches the Watson school spent Saturday and Sunday at her home in Wheaton.

Mr. and Mrs. S. M. Henderson of Sycamore attended the funeral services of the late W. J. Randles Friday afternoon.

The Potter family motored to Little Rock Saturday for a day of fishing in the river. They had good luck and caught quite a string of fish.

Miss Grace Brown of Aurora spent the week-end with girl friends here.

Mrs. Kessner of Hinckley spent the day Tuesday with her niece, Mrs. Kit Carson.

Mrs. Ella Graves of Los Angeles, Cal., who has been visiting her aunts, the Misses Macklin, here the past few weeks, and her relatives near, started for her home Monday morning.

Holy communion services will be held at the Presbyterian church Sunday morning at 10:30 o'clock. The presence of every member is very much desired. Several children will be presented for baptism.

A lay delegation of Waterman people attended the Shabbona domestic science meeting to hear the Red Cross nurse tell of the Red Cross work. They hoped that they would get pointers on organization to help with the work here.

The baccalaureate service will be held in the Presbyterian church Sunday evening. The Reverend Mr. Wykle will deliver the sermon. His theme

will be "The Conquering Aim." There will be special music by the Methodist male quartet.

Miss Clara Eiland of Shabbona was the guest of Miss Sarah Runley Saturday. Miss Runley returned to Shabbona with her to spend the night.

The chautauqua will be held here this year July 3 to 11. The program this year is of unusual worth. Among the numbers will be Bland's band conducted by Mr. Bland in person. This has been one of the leading numbers.

Many people have been going to LeLand and neighboring country since Saturday's storm to view the devastation caused by wind, rain and hail. Although much had been done to clear the streets and make the homes livable, the wreck of the storm is still very great. Many orchards were laid low, fine shade trees in all parts of the town were either uprooted, snapped off or defaced beyond repair.

HEALTHY MOTHERS

A woman desires to remain healthy and to retain her good looks after giving birth to her child. Women who go through the period of expectancy with the least strain and suffering are those who prepare their systems in advance of baby's coming.

"Mother's Friend" is prepared to give the mother-to-be that direct and immediate help she needs. The muscles expand easier. The breasts are kept in good condition. The system is prepared and the crisis is one of much less danger. Three generations of women have used "Mother's Friend." They say they would not go through the period of expectancy without it. Every aid that may be given the expectant mother should be rendered her. Your husband will get "Mother's Friend" for you from the drugist.

LET'S HUSBAND JOIN THE ARMY

Mrs. Elsie Anderson Signs
Permit Allowing H. L. An-
derson to Enlist.

EXPLAINS HER SACRIFICE

Mrs. Elsie Anderson, 25 years old, and pretty, today signed a permit to allow her husband, H. L. Anderson, 24 years old, to go to war because she "believes every able bodied man should fight for his country." The Andersons reside at 125 North Toot street. The husband has been employed by the Aurora Automatic Machinery company.

The war department has made a ruling that where a wife is dependent and a husband enlists, the wife must give her written consent. "Other women will be called upon to make sacrifices and I am no better than they," Mrs. Anderson said this morning when she appeared at the office of J. W. Greenaway, clerk of the city court to sign an affidavit to the war department granting her husband permission to enlist. It was necessary to have a notary public's stamp on the permit.

Would Volunteer Herself.
"When my husband leave I am going to try to pass the examination for Red Cross nurse," Mrs. Anderson continued. "I had two years' experience in the hospital at Burlington, Iowa, our former home, and believe I may be able to pass. If I fail I am healthy and strong and can go to work. It should be no trouble for me to get work as long as I am willing to let my husband go to war. Of course it's going to be hard for me but it will be just as hard for thousands of other women."

"I was taught in school to be patriotic and I have not forgotten it. Our men had been slacker in 1876 we would not be free today. If the men of 1917 are going to be slackers we will probably have the Kaiser occupying the chair in the White House at Washington."

Would Be Army Chauffeur.
"My husband went to Chicago this morning to take the examination for truck driver. He is an expert automobile mechanic. I am sure that he will pass because he is strong and healthy and has no physical defects. No person can say that my husband is a slacker now."

The Andersons were married at Burlington, Iowa, five years ago and have resided in Aurora for the past 10 months. They have no children.

Crippled Swimmer Weds Girl Whom He Saved

New York, June 1.—A Boston romance culminated in the municipal building here when Ludger Gagne and Louise King said their "I do's" before Deputy City Clerk M. J. Cruise. In one way their story really began a dozen years ago, when a freight car ran over Gagne, cutting off an arm and a leg.

Gagne bravely went to work to

beat his handicap, and within the last few years has made himself recognized as one of Boston's best swimmers. He has won many medals and championships. Lolling on Revere beach one day last summer he heard a spot, dived and brought up Louise King. After an hour of desperate first-aid on the beach she was revived. The romance followed.

Food Bill Vote Tomorrow.

Washington, D. C., June 1.—Passage by the senate of the administration's first food bill, probably will not occur before tomorrow night. Final action was delayed today by a number of proposed amendments which were yet to be disposed of.

BERTHOLD WORKERS TAKE \$1,550 IN LIBERTY BONDS

At a rousing, patriotic meeting today at the A. C. Berthold company garage employees subscribed to \$1,550 worth of liberty loan bonds. The time consumed in reaching the total amount was less than 30 minutes. A. C. Berthold, who addressed the meeting for the purpose of arousing enthusiasm among the employees in the loan, was literally swept off his feet by the reception which greeted his remarks.

Of the 32 employees of the company, there was not one who did not subscribe for a bond in some amount, varying from \$10 upwards.

The total amount was taken out in the name of the company, the employees paying for the bonds on the installment plan. Agreements, embodying the name and amount of the subscription, were signed by the 32 employees, with the provision that \$200 be deducted from the semi-monthly wage payable upon the first and fifteenth of each month, making an average of \$5 per month.

Twenty-nine orders were placed for \$50 bonds and two for \$100.

The names of those subscribing: A. C. Berthold, James Sorensen, A. W. Spren, A. H. Warner, Everett Mitchell, H. P. Frederick, Miss A. Fronier, Miss Ruth Dowd, Karl Berthold, Roy Strong, H. E. MORE OF DRAFT AGE RECORDED

A meeting of the registrars who are to work in the Aurora precincts next Tuesday, registration day, will be held in the council chambers at the city hall Saturday evening at 7:30 o'clock. Final instructions will be given the men. Registrars are required under the law to report to the city clerk with the cards and the number of men registered not later than noon Wednesday, the day after registration.

More than 60 non-residents registered at the office of the clerk here yesterday.

Few except married men claimed exemption.

The cards of the following Aurora men of the draft age who are employed in other cities were received yesterday: Francis Abner Anning, Albert Thomas Downs, Edwin Everett Bryan, Bernard D. Shock, Walter William Duncan, John Harold Spalin, John Neal Dumas, Nicholas Kling, Earl Cranston Jefferson, Ora Joshua Johnson, David N. Regnier, David C. Croushorn, Walter H. Garvin, James Christian Olsen Jr. and Floyd Edward Kittell.

Of the 15 whose cards were received Croushorn is the only one who sent his address. He is traveling out of Chicago and will be at Charleston, Mo., for the next few days. The present addresses of the men who are employed out of the city are not given on the cards and the city clerk has not recorded the postmarks on the envelopes.

SHE SAYS 30 DAYS IN JAIL MIGHT DO HER GOOD

JUSTICE BARLOW AGREES AND
SEND WOMAN UP.

Mrs. Nellie Worthby, 30 years old, arrested in her home at the corner of Claim and Root streets, Wednesday evening at 6:30 o'clock, was given a sentence of 30 days in the county jail by Police Magistrate Barlow last night. Otto Welland, 40 years old, a boarder in the Worthby woman's home, was fined \$10 and costs for disorderly conduct.

"I believe a vacation in the county jail would sober you up," the magistrate said to Mrs. Worthby.

"Yes, about 30 days would help me some," she answered.

Neighbors have made numerous complaints to the police commission of disturbances and noise in the home of the Worthby woman. She formerly resided in Batavia and is divorced from her husband.

Orders Vaccination.—Dr. George B. Schwab, city health commissioner, today ordered that all men employed in the same department with Adolph Elsler, 20 years old, at the factory of the Aurora Automatic Machinery company, become vaccinated. Elsler appeared for work yesterday and was sent to a physician for examination. He is now quarantined at his home, 503 Fifth avenue, because of smallpox. There are two other cases in the city.

SPRING SURPRISE FAREWELL ON THOMAS BLACKWELL

Thomas Blackwell, 33, Downer Place, who has been ticket agent for the North-Western railroad in Aurora, has been promoted to a similar position in the Chicago offices of the company. He completed his duties in the local office yesterday and last night 35 of his friends gave him a farewell banquet at the Manhattan cafe. It was a surprise and followed a series of unlooked for thrills.

At 6:30 o'clock last evening Blackwell closed the safe at the office and went home. He left \$120 in money and a revolver in the safe. Charles E. Case, local agent for the company, went to the office at 8 o'clock and opened the safe. He took out the money and revolver and scattered papers over the floor. Then he opened the window leading into the office.

Case then took the police department into the secret. Detective Reilly and Patrolman Bong went to Blackwell's home and ordered him to accompany them to the station.

Blackwell almost fainted when he saw the open window and safe and

was told that the place had been robbed. With the exception of the agent he was the only man who knew the combination. He said he knew nothing of the robbery and remarked that \$20 of the stolen money was his.

The police ordered Blackwell to accompany them to headquarters. They had one suspect under arrest, they said. At the Manhattan cafe De-

Aurora Society News

The fine dinner organ installed in the Fourth Street Methodist church was formally dedicated last evening with a program furnished by Katherine Howard. Ward of Chicago, formerly of Aurora. This evening the program will be given by Prof. Albert Riemenschneider who furnished the dedication program for the first church organ.

Despite the many conflicting interests of last evening, the church was well filled, the church congregation naturally desiring to hear the new instrument, while many of the friends who have watched the development of "Kate Howard" from girlhood to her present prominent place in the musical world, were present. Among them were many members who formerly attended the people's church during the years that Katherine Howard played, while many of the singers with whom she appeared years ago.

Katherine Howard Ward is not only a great pianist, but is one of the few women who play the pipe organ with the skill, power and effect which are associated with the masculine organists. Last night she played brilliantly, adding to the program Handel's "Largo" by request which was enthusiastically given. Among the request numbers upon her program were "The Question" and "The Answer." She responded to prolonged applause with several encore numbers also. She received some beautiful flowers from Mrs. J. M. Smiley.

The program was as follows: Paeon..... H. Alex Matthews
Romanza..... H. Alex Matthews
Rhapsody..... Rosseter G. Cole
Largo (by request)..... J. S. Bach
St. Ann's Pique..... Joseph Bonnet
Romance Sans Paroles..... Joseph Bonnet
Toccata..... Th. F. Crawford
"The Question," "The Answer" (requested)..... W. Volstenholme
Epithalamium..... R. H. Woodman
Overture in B minor..... James H. Rogers
Katherine Howard Ward lives one of the busiest of lives, presiding regularly as organist at one of the prominent churches, as she has for years, teaching regularly and going out upon concert tours. She has been associated with the Sunday Evening club in Orchestra hall for a number of years, last Sunday evening closing her work with the club until next fall.

She came out yesterday in time for luncheon with her mother, Mrs. Theodore Howard, remaining over all night and planning to remain today. However at 5 o'clock this morning a telephone call from her Chicago home, brought the news that her young protegee, Ray Kelly, who has been living with the Wards and who has had several years of music under her teaching, had received his marching orders and she left at once for the city to start him off for Fort Sheridan.

Red Cross Plans.
Correspondingly with the plans of other cities for enlisting all school children in the Red Cross, the Aurora chapter of the Red Cross is planning to interest the Aurora school children before the close of the present school year.

There has been a certain amount of questioning as to Red Cross headquarters. For the present the Red Cross will be operated from the Red Cross shop on the second floor of the Y. M. C. A. building, the association having most kindly and generously aided in every way in making this possible. It is strongly hoped and believed that the Armory will be available for headquarters after the departure of the troops. The Armory would be ideal, it is said by the committee, owing to the fact that it is well lighted.

Fidellia Class Banquet.
The members of the Fidellia class of the Park Place Baptist church gave a banquet last evening in the church parlors in honor of their teacher, Mrs. E. W. Lounsbury. Quantities of apple blossoms were used effectively in the decorations and added much to the festivity. The place cards bore picture of Mrs. Lounsbury. The very good menu included: fruit, cocktail, pea, olive, Parkerhouse rolls, combination salad, wafers, strawberry parfait, coffee, white cake and salted nuts.

Dr. E. W. Lounsbury presided as toastmaster and Mrs. Lounsbury responded with the toast "My Girls." Mrs. F. C. Garrison, "Our Class," and Mrs. George Elsenhuth, "Our Aim." Dr. Sara Jansen of Chicago was the speaker of the evening giving a splendid talk on "The Possibilities of Young Womanhood." Miss Hazel Dietrich and Mrs. D. L. Giffin who came up from Springfield, sang a duet by request. Mrs. Lounsbury was given a mahogany sewing chair. Miss Dietrich making the presentation. During the evening patriotic songs were sung.

For Miss Maier.
Miss Anna Maier who is soon to become the bride of the Rev. Jacob G. Heidinger of Canada was the guest of honor at a party given by Mrs. George Heidinger of Canada and Miss Kathryn Maier at the home of the former last evening. Fifteen of the bride's cousins were present. The decorations were in white lilacs and tulips. Miss Maier was given some handsome presents. Light refreshments were served during the evening.

Party at North Aurora.
The Royal Neighbors of North Aurora gave a miscellaneous shower last evening in Woodman hall in honor of one of their members Mrs. Alice Taske Housholder who has recently been married. There was a mock wedding with Mrs. Frank Sunfield as

the bride, Mrs. Charles Kolf as the groom, Mrs. Benjamin Smith, bridesmaid, Miss Gertrude Bricher, best man, Mrs. George Worth, ring bearer, Miss Helen Carlson, flower girl and Mrs. John Swigart, minister. Miss Marie Schirz played the wedding march. Later coffee and cakes were served to about sixty-five friends and Royal Neighbors. Dancing followed. Mr. and Mrs. Housholder were given many handsome and useful gifts.

Farwell Party.
Mr. and Mrs. Fred VanHouten were surprised by a number of friends at their home in Warrenhurst Tuesday evening. The affair was in the form of a farwell party as Mr. and Mrs. VanHouten will leave soon on a trip to Florida. Those present were Mr. and Mrs. William Wolgast, Mr. and Mrs. Henry Barker, Mr. and Mrs. Frank Glascoe, Mr. and Mrs. George Miller, Mr. and Mrs. Victor Petersen, Miss Lorain Miller, Miss Helen Barker, Miss Katherine Wolgast, Mildred Evelyn and Luella Glascoe, William Wolgast, Oliver Glascoe, Harold Swanson, Frank Wolgast and Thomas Loew. The evening was spent with music and cards, which a lunch was served. Mr. and Mrs. VanHouten received a number of gifts.

Woman's section of Navy League.
The woman's section of the Navy League held a meeting today in the E. C. Schoenlein garage, for the purpose of working on articles for the sailors and marines.

Going Home Tonight.
Miss Ella Lee Cowgill, secretary of the Y. W. C. A., leaves tonight for her home in Kansas to bid farewell to two brothers who leave soon with the troops.

Affairs have reached a state in Aurora where one finds the women talking about their husbands, sons and other masculine "kin" as being "safe," if above the draft age, or if slightly handicapped in any way. The poor women appear to be going through a miserable phase of combined patriotism and desire to keep the loved ones at home.

Aurora Country Club.
There will be informal dancing at the Aurora Country club every Saturday evening from 8:30 o'clock to 12 o'clock, until further notice. A nominal charge will be made. All members of the club are cordially invited to attend these dances. Should members desire these dancing parties on other than Saturday evenings they are requested to give their preference to the entertainment committee, and after June 2, the evening will be arranged to suit the majority.

Have Food Sale.
The Ladies' guild held a meeting yesterday at which arrangements were made for the Saturday food sale, advertised elsewhere, with its many attractions, not forgetting coconut cake, and if you don't know who makes it, your education has been neglected.

For Miss Hankes.
Miss Katherine Shopback and Mrs. Horace Bone entertained last evening at a miscellaneous shower in

honor of the approaching marriage of Miss Bessie Hankes. Apple blossoms were used in decoration. Five hundred was played, Miss Irene Fauth having the score. Luncheon was served.

First M. E. Birthday Party.
The birthday party of the First Methodist church women was held yesterday at the home of Mrs. Charles Pierpont. The committee in charge consisted of Mesdames Pierpont, B. H. Worthington, W. W. Clark, B. Ball, William Greenway, Charles Spencer, John Blair, Corwin Lamoreaux, Frank Ellsworth, Frank Curran, Chauncey Miller, John Elliott, E. P. Reece and Miss Ella Chittie. Mrs. John Blair had charge of the program which was given by the Misses Lois and Zoe Kinnaman, talented girls who play the piano. Miss Zoe also playing the violin, and also sing, the entire program being much enjoyed. Refreshments were served cafeteria fashion.

L. M. Club Meets.
The L. M. club met yesterday with Mrs. Joseph McCann in Hardin avenue. At cards the scores were made by Mesdames Charles Pfarr and Frank Kirsch. Officers for the year were chosen: President, Mrs. John McDonald; secretary, Miss Anne Newman. Refreshments were served.

House and Garden Club.
The House and Garden club held a meeting yesterday at the home of Mrs. E. M. Switzer. The absence of the anticipated speaker, Mrs. Charles H. Talbot, chairman of the Eleventh district federation, because of illness, was keenly regretted. However, the members proceeded to pass a busy afternoon, dispensing with the regular

house and garden club. Mrs. T. B. Stewart of Garfield avenue entertained the Fortnightly this afternoon.

Announcement.
Mrs. Louise Elmer announces the engagement of her daughter, Bertha Marie, to Will R. Weiss, son of Mr. and Mrs. Richard Weiss.

Swear in Business Men AS SPECIAL AUTO POLICE.
One hundred men—manufacturers, merchants, professional men and others—residing in all parts of the city were sworn in as special police last evening at a meeting in the council chamber, presided over by Mayor James E. Harley.

It would behoove the motorists to beware of this big police force, whose identity will be kept a secret, as the result of an order from Mayor Harley and Chief of Police Charles S. McCarty.

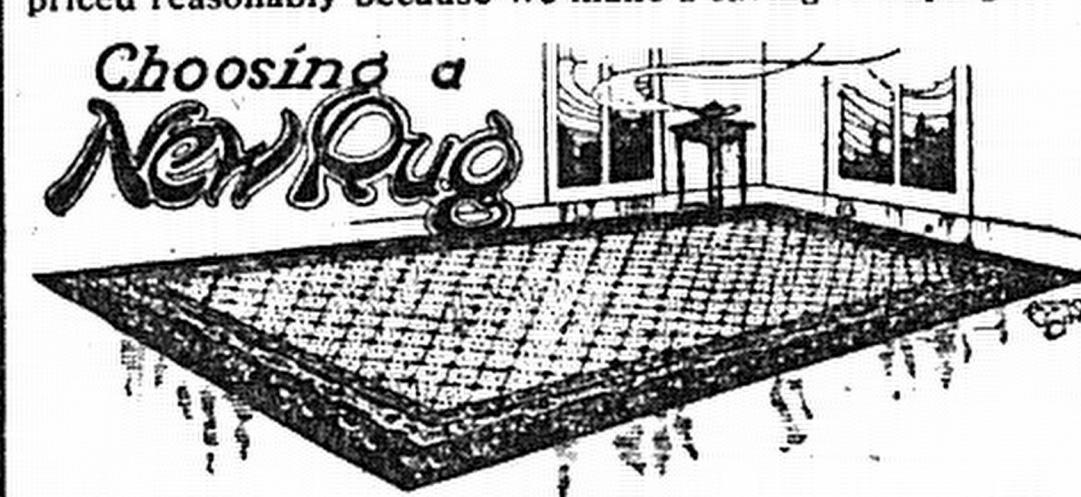

Mayor Harley explained the purpose of the move. "The motor vehicle traffic is outgrowing the regular police force," he said. "We are appointing you men so you may cooperate with the police force in an effort to stamp out speeding and violations of the laws. Use judgment in all cases. If you witness a willful violation get the license number and report to the chief of police. A few weeks ago we issued an appeal through the newspaper to the motorists urging same motoring and we have got results. The motorists are not using the streets for speedways and there are fewer accidents. We hope the good record will continue."

Miss Ruth Meek, daughter of the Rev. and Mrs. Joseph Meek of 293 Fox street who has been quite ill with diphtheria for the past three weeks is improving nicely.

ASKS NEW HELP IN RECRUITING

Corporal Polsin Wants Persons
to Volunteer to Help Ex-
amine Men for Army.

DOCTOR'S AID SOUGHT HERE

Corp. E. S. Polsin, the regular army recruiting officer for the district wants an Aurora physician or some man who has had medical experience to assist him in physical examination of recruits. The army is short of men and Corp. E. S. Polsin, in charge of the Chicago district, has authorized Corporal Polsin to get an assistant for his office and also to enlist men for the same work in small towns in this section.

"If some physician or man who has had experience in medical work will volunteer to examine recruits in the local office I will have time to go out after men," Corporal Polsin said. "We also need men in the smaller towns to assist the postmasters. In the towns where the postoffices are second and third class the postmaster cannot take care of the work. The army needs all its men and if we can get doctors to assist us the recruiting will pick up."

Corporal Polsin received the following letter from Captain Kennedy this morning:

"The following telegram received by this office from the adjutant-general of the army is brought to your immediate attention:

"Fifty-one new recruits now forming at 18 stations need 100,000 recruits immediately. Valuable time for training and preparation now being lost. Recruits in cooperation local press and public committees. Set up recruiting maximum intensity. After regular army is brought to maximum strength recruit service will have task of obtaining quota to maintain that strength. Continue without regard to hours. Recruits now 100,000. Do everything you can to have volunteers enlist in the regular army at once. Suggested you have someone in whom you have confidence examine applicants as we are short of the necessary soldiers for that duty. You are aware of the requirements. Any railroad doctor or patriotic physician will volunteer such service without charge.

"After the applicants are examined and selected by you, wire this office collect and the railroad agent your town will send the transportation for the men to this office."

"F. R. KENNEY,
Captain, Commanding District.
Volunteers for either the regular army or recruiting service can find Corporal Polsin at his office on the second floor of the postoffice building at any hour during the day or in the evening."

**ITALY TO GET \$100,000,000
MORE U. S. MONEY IN JUNE**

(By Associated Press Leased Wire.) Washington, June 1.—Formal conferences between the Italian mission and American officials today reached the stage where it seemed probable that another loan of \$100,000,000 would be made to Italy for June, and that in spending this sum in the United States, Italy would join the proposed common purchasing agency of all allied nations.

ROOSEVELT DECLINES SECOND CHICAGO SPEECH

(By Associated Press Leased Wire.) Chicago, May 29.—Announcement was made today that on account of other engagements of President Roosevelt, who has been invited to speak here during the week of June 10 to 16, which will be known as national marine recruiting week, he would be unable to accept the invitation to visit Chicago.

Our Country's Call By Mrs. T. J. Parker

The undreamed of event has happened. The United States has become entangled with foreign nations and war is upon us. Grim, relentless, cruel war.

The peaceful valley of the Mississippi, with its smiling prairie and gently sloping hills scarcely realizes it as yet but nevertheless the stern fact exists and the trumpet of war is sounding forth the blast "Wake up! Wake up! O—people of America!"

Patrick Henry cried long ago: "Gentlemen may cry Peace, Peace! But there is no peace. The war is actually begun." And so it is today.

As terrific convulsions work the changes in the earth's surface, so the forward progress of the world has been gained by revolutions and bloodshed. In all history, war has been the means to the end and now America—our own strong beautiful country is called to take its part in sending forth the blast "Wake up! Wake up! O—people of America!"

Let us obey willingly, not grudgingly, cheerfully, not sorrowfully, keep sane and sweet in the midst of

OLDEST ADMIRAL DIES

(By Associated Press Leased Wire.) Washington, May 31.—American naval officers everywhere today were mourning the death of Rear Admiral Upham, who, until his death here last night of heart failure, was the oldest living graduate of the naval academy and dean of the flag officers. He was 84 years old and his naval career had included service with Commodore Perry in the historic voyage to Japan, service in the civil war with Porter and many important commands with the newer navy.

TO GIVE CITY POLICE FORCE

Only Seven Patrolmen and
Chief Provided for Under
Present Ordinance.

NEW MEASURE BEING DRAWN

A new ordinance providing for the creation of an Aurora police department force to be given to the city council probably Monday evening.

The present police ordinance provides for a city marshal and only seven policemen. The purpose of a new ordinance is to provide for the number of policemen now in service and for additional members of the department who may be needed as the city grows larger.

Three men took the examination for patrolmen given Tuesday evening by the police commissioners. The commissioners expect to announce within a few days who will be the detective to succeed Milton Smith, now a patrolman.

TOMORROW "STONE DAY" FOR ROAD ENTHUSIASTS

Stone day, to be celebrated tomorrow when all stones in Lincoln highway between Aurora and Plainfield will be removed by Boy Scouts of Aurora, is to be made a big success if the Aurora Automobile club plans are carried out.

Mayor James B. Harley will lead the fleet of automobiles with members of the committee and the Boy Scouts when the start is made from LaSalle and Benton streets at 9 o'clock.

It is believed that this is the first organized attempt ever made to have stones removed from a motor trail. The distance is 12 miles and it is hoped that the Aurora example will be copied by other towns.

The Boy Scouts, 60 to 70 strong, will receive a big feed at noon at the country estate of Charles Sorel in Kendall county, four miles south of Aurora.

PRESS GAG DIES

(By Associated Press Leased Wire.) Washington, June 1.—Administration managers in the senate today decided to let the newspaper censorship section of the espionage bill die with the house vote of yesterday against it. The senate conferees expect to drop the senate fought section entirely and bring the bill before the senate for final passage containing only the undisputed provisions.

Relief to Cyclone Victims.
(By Associated Press Leased Wire.) Springfield, Ill., June 1.—The house appropriations committee agreed on \$25,000 as a fair amount for state relief of Mattoon and Charleston tornado sufferers and recommended passage today of Representative Smekhal's bill to appropriate that sum.

ENGLISH GRAIN SHIP LOSSES ARE LIGHT

(By Associated Press Leased Wire.) London, June 1, 4:50 p. m.—Great Britain's losses in cereal ships have been only 6 per cent, according to a statement made to The Associated Press today by Kennedy Jones, director of food economy. The ministry of food, he added, had made allowances for the loss of 25 per cent of this kind of shipping.

BESSIE BARRISCALE IN TRIANGLE PLAY, "THE SNARL"

In "The Snarl" at the Fox theater Helen and Marion Dean are twin identical in appearance, but widely different in character. Several days before her debut in opera Helen is struck down by an automobile and crippled. The impresario substitutes her twin, Marion, to get the role while Helen sits behind the scenes and sings. The public is duped, and Marion receives an ovation, which she attributes to her own personal charm. Later she marries Monte Bruce and sends for Helen to accompany them on a vacation tour. Monte is blinded by a powder explosion, and Marion, who has little time for a blind husband, turns him over to Helen's care. One day he recovers his sight and detects his wife in the act of robbing

him and cloping with his secretary. Helen and the boat catches fire. Marion and the secretary are lost, while Monte and Helen, whose strength is recovering, see happiness.

THE FORTUNES OF POLITICS.

After 14 years of efficient, painstaking and honest public service City Engineer Myron J. Tarble this morning turned over the keys and documents of his office to his newly appointed successor, Mr. Harry Wells. Mr. Wells was appointed to succeed Mr. Tarble by Mayor Harley at the council meeting a week ago last Monday night.

Myron J. Tarble was appointed city engineer of Aurora just 14 years ago by the then mayor, John M. Raymond, to succeed the late Myron G. Stolp. Mr. Tarble had previously served in the office several years as assistant to Mr. Stolp and just prior to his appointment to Mr. Tarble's position at Blue Island. He most had been doing similar work at Blue Island. He entered his work under the most adverse circumstances but rose to every occasion and performed his work well. Of the total of 47 miles of paved streets in Aurora nearly 40 miles were laid under the supervision of Mr. Tarble. It was his duty to fix grades, prepare plans and specifications and superintend the construction and the work is a monument to the thoroughness of attention which he gave them. Sewer districts No. 6, 7, 8, 9, 10 and 11 were also the work of Mr. Tarble. Holding a political job Mr. Tarble naturally mixed up in politics and now pays the penalty. The citizens of Aurora, however, owe him a bit of gratitude for his excellent work.

All this as an honest compliment to Mr. Tarble and not in any criticism of the mayor in discharging him or of his successor Mr. Wells, who is a very excellent man with a good record as a civil engineer and who will evidently do his best to keep the office up to the high standard set by Mr. Tarble.

PUTTING UP BARRIERS TO NATIONAL UNITY.

It took 15 years and two great financial panics to pass the federal bank reserve act. This great bulwark of our banking and monetary system had been agitated for years before it was finally built. The national sentiment for it was slow in crystallizing. One part of the country wanted it, says the New York Mail; another did not. It took a long time to educate the people to the realization of need and to lay the foundation for national action on a national issue.

This work of education was performed by newspapers and magazines with a national circulation—newspapers and magazines that served as the focusing points for national thought and national feeling.

It is now proposed to impose upon such publications a penalty that will prove their destruction if the house committee on ways and means has its way. It is proposed to make a heavy increase in the postal rates and to base this increase upon a zone system. Convinced by a universal storm of protests that the committee was going too far, the house has modified its plan somewhat. It has made the increase gradual, instead of immediate.

This concession will in no way prevent the evil which was threatened by the original measure. An increase of six cents, or four cents, or two cents in the cost of delivering a magazine certainly will bar a magazine or a newspaper from the zone to which the increase applies. The fact that the increased rate goes into effect next year instead of this year will only postpone the destructive result. The additional burden will destroy the national circulation of all periodical publications, already gravely handicapped by the cost of materials and of labor.

It is the magazine and the newspaper with a national circulation that presents national issues to every part of the country at the same time. It is the magazine and the newspaper with a national circulation that makes national sentiment and national action possible.

Great Britain has bound a world empire together by means of penny postage. Russia has striven to accomplish the same imperial unity by expending billions of francs on railroad construction. America, after having created the machinery of quick and cheap communication by mail, is seeking to destroy the bond that has contributed more than any other single factor to the unification of the nation.

AMERICAN FISH FOR THE WORLD.

A pound of fish per capita is about all the sea food we have eaten annually. To most of us fish is a rare food, to be eaten only on occasion, and yet we would be fed more cheaply and quite as well if, like the people of other countries, we ate 50 pounds of fish a year. Fish eating cuts down beef eating. When the pastures of the sea supplement to a far greater extent than now the grassy plains on which we feed our beef animals, all meats will be more plentiful than now.

Our problem today is not only to feed our own people, but to gather large stocks for shipment abroad. The fisheries of many of the European countries have been practically destroyed. We cannot import fish as formerly. On the contrary, we must prepare to export it. Our fisheries have been growing but slowly, but under the stimulus of the war's demands they will increase rapidly. Already an order for 14,000,000 pounds of frozen fish for the armies of Europe has been placed in this country. It is probably but the first of many orders.

If the food scarcity brings to us a better understanding of the value of fish, it will be a good thing.

YOUR HEALTH

(By JOHN B. HUBER, A. M., M. D.)

The sublime vision comes to the pure and simple soul, in a clean and chaste body.—Emerson.

Double Vision.

Why do people see double? Can this difficulty be cured? Will it ever go away?

Double vision—double vision—is due to the fact that the visual axis are correctly adjusted, each to the other, the images of the objects seen do not fall upon identical points in each retina. (The retina is the membrane within the eye upon which our visual sense impressions are received. The visual axis for each eye is the line from the retina, through the pupil, to the object of vision.) If the proper relation of the visual axis of both eyes is altered by a wrong position of one eye, due generally to defective action of the eye muscles, and the two images are received upon dissimilar retinal parts, the images are perceived by the mind as of separate origin, that is, double. The image perceived by the sound eye is the true image; that perceived by the de-mated eye (as in squint) is the false image.

Double vision may be produced by the action of alcohol, belladonna, opium, gelsemium and other drugs; it is a symptom of paralysis of one or more of the six eye muscles attached to each eye; also double vision may attend ailments of the brain and spinal cord. It is also possible (this is very rare) to have double vision with one eye (unilateral diplopia) in the case of cataract and astigmatism, by the proper relation of the visual axis and astigmatism, in some cases of brain tumor.

The cure depends on the removal of the cause. In squint prismatic glasses are worn; or operation is done on the eye muscles which are at fault. Sometimes double vision goes away by reason that the de-mated eye gradually loses its function—practically goes blind, and the work of vision is really done by the sound eye.

QUESTIONS AND ANSWERS.

Adenoidea.

I sleep with my mouth open and I was told that if I would have my adenoids taken out it would benefit me. Is that true?

Answer—Yes, especially on a young person like yourself. And then you will avoid such possible consequences of adenoids as the following: Mouth breathing and narrow chestedness, and thus poor lung expansion, by which children especially become starved for oxygen and so become easy candidates for consumption; snoring; open mouth (you have that already); a vacant dull expression of the face; unpleasant, toneless modifications of a nasal voice; and, finally, a nasal twang, which is usually pleasant voice, such as the "nasal twang" of a pronouncer certain letters; earache and other ear affections, even deafness, by reason of the throat to the Eustachian tube, which leads from the throat to the ear and should always be open; mental deficiency, making a dance of a naturally bright child; frequent attacks of coryza (nasal catarrh); nosebleeds; irregular tooth and jaw formation; stunted growth; convulsions (in little children); and a generally nervous condition, so that an ordinarily good child may be accused of misbehavior or even cancerous perversity.

A Child's Braille.

Could a cancer develop from a bruise, which my little five-year-old child got while in school about a month ago? It has now almost disappeared but has left a dimple which looks nice when she laughs but when you feel her cheek it has a hard place there.

Answer—Cancer very rarely appears in childhood. But possibly there is a little abscess in the cheek. If so the doctor could no doubt open this from within the cheek thus leaving no mark to spoil that pretty dimple.

EVENING CHIT-CHAT

(By RUTH CAMERON)

How to Be Happier.

What a wonderful index of the state of one's mental and physical health the voice is!

I was talking over the telephone yesterday with a friend who has been much overworked the last few months. Her voice has hitherto shown the strain, but last night it seemed to slant up instead of down.

"What's the good word?" I asked at once. "Are the hard times over?" she said. "I'm still doing the work of three but I'm feeling a bit happier."

"Why are you?"

"She was working as hard but was happier."

"Well, I thought up a little scheme to make things move more smoothly here (she is the head of a big office) and it's succeeding wonderfully. I've been working harder, if anything, but I've been more interested that I've felt better."

What a key-sentence that last!

Add not only a key to her improved condition, but a key to unlock the prison of boredom and weariness and monotony of many a life, and to let the prisoner out into a world of vast possibilities. That is, if he will only take it and use it.

There are comparatively few of us who have not enough to do.

But there are millions of us who have not enough to do that interests us.

But if our lives are already full of duties how can we find room for interesting things?

No one ever had a life more full of duties than the woman of whom I write. And she made those duties more interesting by trying to do them more efficiently.

What one of us couldn't do that?

A stenographer could try to raise her percentage of accuracy, or study out some way of eliminating waste motions, or try to learn more about the larger aspects of the business.

How a Mother Could Make Her Work More Interesting.

A mother could study her children, work out new ways to help them overcome their faults, think up new ways to cheer them and make them happy.

An elevator man might try to see how smoothly he could run his car (there is a vast difference in technique) and try to acquire that modicum of extra courtesy in giving directions and answering questions that would raise him above his class.

There is not one of us however humble, however exalted, who cannot make his work more interesting by doing it better.

Why Birds Sing.

The theory advanced by Darwin that the singing of birds is merely a sexual characteristic, and that their power of song has been developed because only the best singers were propagated, is no longer accepted by naturalists. Thus Henry Oldys holds that birds are really motivated by a love of music similar to that experienced by human beings. In support of this contention he cites the fact that birds will sing when happy and be quiet when unhappy and that they will listen to and imitate superior singers of their own kind. Canaries are trained by other canaries of superior musical ability which are often worth large sums.

Hoeling potatoes will furnish exercise quite as healthful as knocking the little golf balls around the course, and the former also will be in the nature of patriotic service.

It also is to be noticed that the German U-boats do not seem to be "getting them" quite so fast as they did a spell back.

The people of this country know little of what is going on in Germany, but the people of Germany probably know still less of what is going on in this land.

Controlling the Nation's Food

I. Lean Europe and Fat America

(By Frederic J. Haskin.)

Washington, D. C., May 31.—That all the peoples of Europe, neutral and belligerent, are lean from short rations; that all of the belligerents except England are producing less than before the war; that the United States must sustain itself, its ton allies and the neutrals thru a five year struggle, and, literally fatten the world back to normal after it is over—these are the premises of the new and drastic system of food control now before congress; these are the facts and positions upon which the authors of the measure proceeded.

America is the rich, fat nation of the earth. Her resources are not only enormous, but they are developed and developing, they are in the hands of a people who do things. The countries of Europe were not fat before the war. The poor ate meat but once a week and bought bundles of twigs for fuel. Everyone practiced an economy that would be considered stinginess in this country.

Europe could not increase its production after the war began, because its men were at the front and its agriculture was already at a high point of efficiency. Imports were reduced by the U-boats. Hence Europe is now lean like a wolf after a hard winter. And lean Europe is now fastened upon the body of America like a hungry leech. There was talk before the declaration of war that the United States must feed our allies at any cost. And our allies are starved. They must not only be sustained, they must be fattened. Dr. A. B. Taylor of the University of Pennsylvania was the informant of the committee of agriculture on this point. He spent a long time in Germany and other parts of Europe studying the methods of food control and distribution.

"Practically speaking, the entire population of Europe may be regarded as underfed," Doctor Taylor told the congressmen. "These people are now below their ordinary consumption and their ordinary bodily weight, and below their desires."

"It is going to take two years to repair the deficiencies of their body tissues, their live stock and their stores. The conditions in Holland and Switzerland are almost as bad as those in Germany. It is practically impossible for them to produce cattle, and the cattle they have are

emaciated to the last degree. . . . The entire population is emaciated. They have no future stocks of food. There is no food in Europe except the grain hid in the distant granaries of Russia. It will take the bumper crops in this country, added to all they could produce this year and the next year . . . to place them where they were the year before the war broke out."

So America needs to realize that it has taken in a great crowd of starving borders. There are hundreds of millions of people in Europe, whose lives are wasted, who must replace their burned-out tissues by means of food produced in America. And America has been wasting food. Food has been rotting on the ground in this country for lack of transportation; it has been lost and ruined on the farm and on the road and thrown into the garbage can uneaten in millions of homes. Much of this wastage must be saved. The looseness in our system of producing and distributing food must be taken up like the slack in a hungry man's belt. Secretary Houston says we have wasted \$700,000,000 of food every year. The greater part of that loss must be eliminated if we are to fatten a billion lean people and have anything left for ourselves. That is the philosophy of food control.

Cannot Equal Peace Production.

Doctor Taylor brought out the fact that despite tremendous efforts to increase their planting areas, none of the belligerent countries have equalled their peace time production, except England. England is now actually increasing her production of food-stuffs by breaking up her game preserves and parks—her heather-covered grouse moors and the uplands where the red deer are hunted—and planting them with food crops and potatoes. In these other countries there is a surplus which is being planted. Doctor Taylor brought out that Germany is really producing less than formerly, that she has fed her population only by saving a large part of the 80 per cent of her food which she found that she had been wasting.

The agricultural classes and the wealthy are fairly well fed in Germany, according to Doctor Taylor, but the 20,000,000 people of the industrial classes are emaciated and suffering from anemia, and malnutrition. This is interpreted to America, not only because we are trying to starve Germany now, but because when we get done trying to starve her, we will have to fatten her again, along with the rest of Europe. The experts predict that food prices will be high food prices will prevail in this country for two years after the war, when all Europe will be drawing on America to replace its lost fat.

Neither Italy nor France has been able to produce as much since the war began as before. They have been dependent upon imports and the U-boats are now cutting down the imports.

It is supposed, according to Doctor Taylor on the basis of the crops, with the rate of import that held before the first of January that England, France and Italy will be able to pull thru until they harvest their next crops, with close figuring, but without luxuries. England's grain ship that the U-boats sink will make the figuring still closer.

"I think the truth is," Doctor Taylor told the congressmen, "that before Italy, Italy and France get their new crops harvested, they will be about as close to starvation as a people may be."

Officialdom seems to agree that we must be prepared to face a war of from three to five years. It is known that the military authorities are basing all of their estimates upon the assumption that the war will last for three years. Before the committee of agriculture, five years was stated with general assent as the duration of the food shortage for which the United States must prepare. Five years of scarcity and high prices are the cost which America must pay for this war. Likewise, if the war will last for five years, the lesson of these five lean years will be a most valuable one. America the spendthrift will learn the value of food. American housekeepers will learn how to save food that they have been throwing away. They will learn how to cook foods that they never used before. They will learn to keep foods and preserve them. Food that has rotted on farms and in freight terminals will be saved. Speculation in food will be eliminated. And it is in legislation shall be allowed to undo the good that may have been accomplished in this line. During the next five years the American people may acquire the only possible basis for a lower cost of living—a knowledge of the use and economy of foods.

EVERYDAY ETIQUETTE

When a gentleman is walking with a lady, it is his duty to insist upon carrying any article she may have in her hand, excepting the parasol.

Questions Answered by Alicia Hoyt.

(Miss Hoyt will answer in this column all questions on matters of etiquette which appear in this column. If a personal answer is desired enclose a recent stamp.)

Mother: Daily training at home is the best thing possible for your children. Cultivate in them right habits of behavior. When meals are announced, the whole family should enter the dining room together if possible. Husband and children should remain standing until the mother is seated, when they may immediately take their places. The older of your young sons might have the privilege of placing your chair for you, while the younger boy places that of his sister. The children should be taught to eat slowly, and with closed mouths, and when the meal is finished, even if the older take more time to eat than they do, unless there is good reason for excusing them. They should ask permission to leave the table of their mother only, or of the hostess, whoever she is.

Hostess: No; better is not usually served at a formal dinner. So there is no occasion for having the bread-and-butter plate and knife on the table. At dinner, a roll is placed in the napkin which is laid on each plate, and this is eaten without being served at a formal dinner.

MISS IMES LEAVES EAST SIDE SCHOOLS

Efficient Drawing Teacher of
Past Years Takes Indian-
apolis, Ind., Position.

Has Been in Charge of Unusually
Fine Exhibition of Pupils'
Work This Week.

Miss E. Pearl Imes, supervisor of drawing in the east side schools for the past year, will leave for Indianapolis, Ind., today, having received a better offer as assistant supervisor of the grade schools at Indianapolis, Ind.

Miss Imes has been very successful in her work in Aurora and it is with regret that her resignation is accepted.

Yesterday and today she has been conducting an art exhibit in the drawing room at East High school, giving a fine showing of the work which has been accomplished the past year in all the schools from the first grades to the high school. The walls are covered from top to bottom with drawings from the different schools and the exhibition even extends out into the corridors. This afternoon all of the teachers came to inspect the work of the various schools.

The exhibition shows the three divisions—representative, constructive and design.

Fine Needlework Also.
The advance students in the high school have done some particularly fine work in soft cushions and table runners making their own design on wood blocks, applying it to the texture and finishing in stitchery. The posters made for the class plays and for the Spectator are a most attractive display. Some of the commercial design work in birds and flowers are quite worthy for magazine covers.

The lower high school has some very good work in bookbinding and stencil designs.

The crocheting and weaving by little folks in the first grades is very neatly done and the illustrative work in the grades of bluebird, Henshaw and the study of birds in action reproduced from memory, a circus parade, etc., represent other phases of the work.

Community Rug.
The fifth grade at Young school has made a community rug which they designed and wove and after the exhibition it will be placed on the floor in Miss Holden's office.

A table is set aside for the handwork of the boys in the ungraded room which is quite worthy of note. The exhibition will be on display all next week.

PLANO

Plano, Ill., May 28—Mrs. Clara Howell is spending a few days at Crown Point, Ind., visiting her sister and family before her nephews, who have enlisted, leave for military training.

Miss Jane Brunell has finished her year's work as teacher at the Wynne school in Nazareth township. Mrs. Ellen Simpson and Mrs. E. C. Hatch were Aurora visitors Friday. Mrs. Glendora Blackley spent Sunday in Aurora with Miss Anna Davis.

E. D. McNamara spent a few days the first of this week in Nashville, Tenn., looking after business for his father's estate.

Miss Elsie Withman, who has taught in the Taylor school district for the past two years, has been re-elected for the third year's work.

Mrs. F. W. Coffman spent Friday in Chicago with her daughter, Grace, who is taking her final examinations in music at the American Conservatory of Music.

The Fisher Bible class will hold their June social meeting at the Methodist church parlors Monday afternoon, June 4. Members are requested to bring their bibles and sewing or knitting.

BIG ROCK

Mrs. Stephen Ryan and son of Milwaukee, Wis., came Monday to the home of Mrs. Jesse Elder, her sister in response to a telegram Mr. Elder had died suddenly.

School closes here this week. Patrick and several of the township schools. The eighth grade scholars work on Saturday, all working in that grade.

The death of Jesse Elder Sunday morning so sudden was a shock to his large circle of friends as well as relatives. He, with his wife, had resided here nine years, coming from Aurora, where they only son, James Elder, resides, and as the wife will so back to Aurora, their departure from here leaves a vacant place hard to be filled. They will be missed greatly from the congregational church. The bereaved wife has the sympathy of all. The funeral was held Thursday at 8:45 a. m. and the remains taken to Monticello, Ind., for interment.

FAMED FRENCH AVIATOR ADDS TO HIS LAURELS

(By Associated Press Leased Wire.)
Paris, June 1, 1917. (P. M.)—Capt. George Guynemer, most famous of all French army aviators, has brought down five more German airplanes, two of them in one minute. The captain now is credited officially with having destroyed 43 enemy machines. Between May 17 and May 31 the French aviators brought down 32 German machines and 57 others are believed to have fallen to earth behind the German lines.

MILLINGTON

Mrs. Emily Ballon and Gladys Brodie were Aurora shoppers Saturday.

Mrs. Edward Chase and two daughters are visiting at the home of Mrs. W. W. Wiley, in Newark Saturday. They will leave in a few days for their home in Wisconsin, having sold their residence in Aurora in New York street.

Mrs. Wilbur House, who has been in Aurora City hospital for the past two weeks, was able to be brought to the home of her parents, Mr. and Mrs. W. Wiley, in Newark Saturday. She will remain there for a few days before coming to her home here.

The storm of Saturday afternoon did considerable damage to fruit and shade trees. The strong wind blew down a fence on the Arthur Jaskinsky farm just west of town and the cattle in pasture got onto the railroad track just as a freight train was about to pass. Two were so badly injured that they had to be killed.

CHECK SCARLET FEVER

The city health department reported today that the scarlet fever epidemic has been checked but that a number of cases of whooping cough and measles have been reported this week. There are 12 cases of measles and nine cases of whooping cough under quarantine in the city now and the department reported. Four scarlet fever cases were released today, making 12 cases now under quarantine. There are three cases of small pox.

GERMAN PRESS EXPECTS GREAT SEA BATTLE SOON

(By Associated Press Leased Wire.)
Copenhagen, June 1, via London, 12:42 p. m.—The German newspapers are all printing sensational articles on the naval battle of the Skagerrak, the impression being quite generally expressed that a new battle between the British and German fleets is a possibility of the near future.

PARIS STRIKE ENDED

(By Associated Press Leased Wire.)
Paris, June 1.—The strike movement in Paris is now on the wane. Of 40 classes of working people that were out on strike yesterday morning 21 obtained satisfaction for their demands and will return to work today, these including the most important lines affected. Only 12 new trades, on the other hand, joined in the strike movement.

We are all inclined to be lenient with the faults of those who are bigger than we are.

NEW BURLINGTON SUPERINTENDENT

O. D. Peckenbaugh Arrives in
Aurora, Succeeding Supt.
H. W. Maxwell.

Latter Leaves Sunday to Take Pack-
enbaugh's Old Job in
McCook Division.

C. D. Peckenbaugh, former division superintendent of the McCook-Denver division of the Burlington railroad, arrived in Aurora this morning from Denver to take charge of the Aurora division of the road. He will succeed H. W. Maxwell, who has been here almost a year.

Supt. Maxwell, one of the best liked officials the Burlington ever had here, leaves Sunday night for McCook, where he will take the position formerly held by Mr. Peckenbaugh. For several days there has been a rumor of the transfer of the division heads. It took effect today.

Several more changes are rumored but no positive information has yet been received here.

Last Tuesday night Superintendent Maxwell left for Denver and this morning the two officials returned together. Mr. Maxwell getting off at Aurora and Mr. Peckenbaugh going thru to Chicago from where he returned later in the morning with other officials.

Maxwell Leaving Sunday.
Mr. Maxwell stated this morning that he expects to leave for his new duties Sunday night after he gets his business affairs settled here. He says that he thinks he will like it there. He has a large circle of friends among the railroad men, who regret to see him go.

The McCook division of the Burlington is a very important one, with Denver as its biggest terminal. It is over 700 miles in length and on the main line. The Aurora division is about 600 miles long, with all its branches.

STATE BAR MEETING

(By Associated Press Leased Wire.)

Banyville, Ill., June 1.—The forty-first annual meeting of the Illinois State Bar association opened a two days' session here this morning, with President A. D. Early of Rockford, presiding. Leading jurists from all parts of the state are present. The annual report of the secretary shows that Illinois is the second largest in point of membership in the nation, with 3,000 members.

President Early in his annual address spoke at length on the proposed amendments to the state constitution and said it was the highest duty of the people, if they vote for the convention, to select the delegates with broad sympathies for the people.

The feature of the afternoon session was an address by John Dewitt Warner, of New York, on "The Lawyer's

POLISH CLUB MAKES MOVE TOWARD PEACE

(By Associated Press Leased Wire.)
Amsterdam, June 1, via London, 1:12 p. m.—According to a Vienna dispatch today the Polish club has decided to authorize Deputy Dassinaki, in agreement with other parties, to introduce an urgent motion in the lower house of the Austrian parliament declaring both the belligerent parties how recognizes the right of nations to govern themselves as the foundation of a lasting peace.

The resolution, the dispatch adds, summons the government in the name of the house to do everything possible "with all states and peoples who desire peace on the basis of an understanding among the nations, to render such a peace possible in the immediate future."

EMORY BALL IS WITH US AGAIN

Disgruntled Managers Are Making Annual Yelp Against Use of Freak Ball.

CICOTTE IS THE OFFENDER

New York, June 1.—The annual howl against the use of the emory ball by big league pitchers has been set up as usual this season by disgruntled managers.

It's getting so a baseball season would be just as much of a success as a burlesque show without bores in the emory ball failed to come in for some glaring publicity, so we take it all as a matter of course.

Are the pitchers in the big show still using the deceptive emory ball despite the fact that it is supposed to be illegal?

Speaking of some American league pitchers, Clarke Griffith of the Nationals avers that they are still tossing the elusive ball with the fingers in one side. He is positive that he has caught several pitchers in the act, and among them is Eddie Cicotte of the White Sox, old, but still getting by and pitching some very uncanny ball for Fats Rhee.

Suspect Eddie Cicotte.

Is "Eddie putting over a victory after victory with the aid of a nigger's worth of emory paper?" We don't know, but we know emory can get something out of him. It is only fair to give him the benefit of the doubt and say that he isn't.

In the National league several clubs have already been heard against the use of the deadly emory ball, not to mention the unfriendly bean ball, and the pitchers who have been warning regularly are all regarded with suspicion by rival clubs and managers.

It won't surprise you to hear some manager howling about Cy Farnham's delivery before long. Lanksy of the Yankees is a veteran and also a good pitcher who uses his arm and his head on a 50-50 basis, and just as soon as the weather gets flying with emory is very likely to start turning the regular ball into the emory ball.

Cy will be accused of using emory before the season gets by and he will make our guess.

Does Cy use the emory? The answer is: And look, you'll see it in the American association, back in the days of the late Tom Lough, who was a fast, one with a wicked hop on it, and a rise ball which he threw from below the waist line.

In the Federal league they found Ed. Koberger, Ford and all of the veterans with the use of the emory, and they found a good many baseballs in their hands. You can't get away with it, and the umpires won't find anything that looked like emory paper on any of the pitchers, and it probably wouldn't have been found for them to have gotten out of it.

The pitchers who are that much to get away with the trick delivery stuff are also smart enough to get out of it. And must be getting out of it. And must be getting out of it. And must be getting out of it.

If the pitchers are using the emory ball they will be hard to stop, and who doesn't want some of them? And who doesn't want some of them? And who doesn't want some of them?

Let's see, the starting form shows of the pitchers? The starting form shows of the pitchers? The starting form shows of the pitchers?

So many pitchers this season may be pointed to as good for nothing, and this line.

Ferdie Schupp Has Made Good.

Piedmont Statefield Schupp, the southpaw pitcher of the Giants, has won himself a home under the shelter of Coogan's bluff.

Last fall, after he was benched a pitching by Field Marshall Murray for looking at baseball as a business out of business, he started to pitch, and he pitched a good game, and he pitched a good game.

He won his first five games with the Giants this year, and from the fourth on he has shown he should be a star. He has won 20 and 20 victories before the season ended. Schupp is young and strong. He has won himself a home under the shelter of Coogan's bluff.

Best of all, Schupp has settled down to study the batters and to attack at the point of attack. McGraw can teach him about the point of attack.

INDIVIDUAL TOURNAMENT AT SYLVANDELL TONIGHT

The weekly individual bowling tournament started on the Sylvandell arena this afternoon and will run until late tonight. More than 100 bowlers were expected in the event this week.

Because of the cool weather that has prevailed for the past month the bowling season is longer than usual this year. The best of all, Schupp has settled down to study the batters and to attack at the point of attack. McGraw can teach him about the point of attack.

PIRATES PLAY RIVALS

The Pirates and the Braves will meet on the Phillips park diamond Sunday afternoon. The game will be called at 2:30 o'clock. The same grounds will be a good one as both teams have struck things.

Corcoran, who is pitcher and will be on the firing line for the Pirates with Flynn on the receiving end.

HOW TO CLEAN YOUR AUTOMOBILE

An Easy Matter to Preserve the Beauty of the Body Finish

The following instructions are being sent out to owners by a number of leading motor car manufacturers:

"By giving the body of your car simple care you can keep it looking like new for several seasons, avoiding the cost of repainting and greatly enhancing its second-hand value."

Tobey Polish, made from the old secret shop formula of The Tobey Furniture Company, (Chicago & New York), is a perfect preparation for cleaning and preserving the fine body surfaces of our cars. It cleanses, thoroughly and quickly; removes foggy appearance; obscures small scratches; preserves the body and color of the varnish. It wipes off dry without hard rubbing and does not collect the dust. It makes washing unnecessary, except to remove mud and grime.

The time to begin is when your car is new; don't wait until the finish goes dead and then try to restore it. You can obtain Tobey Polish from your own supply dealer, or any store where high quality polishes are sold, in 25c, 50c and \$1 sizes.

IN THE FIELD OF SPORTS

Sport Gossip (By GRAY & RICE)

Prediction, Can. June 1.—A record of this year has been completed. It will be found that no one of you have ever distributed more to the public than the sportsman of Canada. You hear a lot about the stars of England who have fought and died, and of the stars from the States who have started. But neither country has given a greater proportion than Canada has to the cause of crushing the Hun.

No one sport in Canada has given a greater number to the fighting line than football. Practically every football player of note has gone overseas, and many of the best have already been killed or badly wounded. The list of the dead includes Russell Bottom of Kingston, the great quarterback of the Argonauts and one of the best that Canadian sport has ever known. Gordon Southam of Hamilton, one of the Canadian all-stars, is in one side who has been killed in action. At the rate established so far there will be very few football stars left when the war ends and sport comes back to its own.

Canadian football, contrary to general opinion, is very like our own. They play a lot of soccer and rugby here, but in the main football in Canada means just about what it does in the United States. The first to go was Eric McDonald of Fredrickton. McDonald, in addition to being a star football player, was also a noted sprinter and famous all-around athlete. He carried out the original idea of the football, which was to rise thru valor and fall on the field. In this case, McDonald has survived to rise from the rank of lieutenant to that of colonel, and it would be no surprise to see him soon promoted to the rank of brigadier-general for distinguished service and military efficiency. His record at the front has been even greater and finer than his record in sports, where he was regarded much as the U. S. of A. would look upon Ned Mahan or a John Klipfisch.

The Case of Longboat.

Most of those mentioned are unknown in the States. But there will be few below the southern side of the Canadian border who have forgotten Tom Longboat, the Indian marathon runner, and his manager, Tom Flanagan.

Longboat is still remembered as one of the greatest marathon runners of all time. He has put the long distance of 26 miles into a dispatch carrier's foot, whereas the horse has done remarkable work and has been mentioned more than once for his daring, stamina and efficiency.

The idea of an Indian dispatch carrier, who was in the war, is entirely modern in its make-up, despite the 42-centimeter, the 100-lb. and the 100-lb. Zepplin. Longboat today is running greater distances at greater speeds than the fastest of the modern day.

Percey Moulton, Montreal star sprinter, and Frank Lukens, another star, are two men who have done distinguished service.

White Victor Buchanan, president of the Montreal Athletic association, was killed at the front while going over the top with the Fighting Thirtieth. He was one of the best known sportsmen in Canada. Ted Schupp, Ontario wing and captain of the championship Montreal football team, has been mentioned for his brilliant service in France.

These names are mentioned to show what Canadian sportsmen have done and as an indication of what famous names in American sport from the United States who soon accomplish. There is no football team in Canada, no track team, that doesn't have enough star players to break through the organization and the heat of the war, and the heat of the war, and the heat of the war.

A CHAMPION?

Peter Henman of New Orleans, holder of the heavyweight championship of the world by virtue of his 20-round victory over Kid Williams three months ago, registered yesterday under the name of Henman. He is the son of a parent who is the son of a parent who is the son of a parent.

Willa Robinson, 29 years old, and his brother Thomas, 27 years old, also sent their congratulatory cards to St. Paul yesterday. Willa is the recognized American middleweight champion. He is married and has two children. Neither of the brothers claimed exemption.

RANKIN GETS MEDAL

[By Associated Press Leased Wire] Columbus, Ohio, June 1.—Allen Rankin, a young law student at Ohio State university, has been awarded a gold medal in honor of the best rating in athletics and scholarship at Ohio in 1917. During the three years of competition, Rankin won 32 first, one third and one fourth in the decathlon, two first, six second and a third in the shot put, and one second in the hammer throw.

MAHER TO WORKHOUSE

New York, June 1.—Peter Maher, widely known as a heavy-weight pugilist 20 years ago, was arraigned in Harlem police court yesterday charged with intoxication. He gave his age as 41 years. Maher and one other were picked up in a Lexington avenue doorway early yesterday. The magistrate sent him to the workhouse for 30 days. Maher offered no excuse.

DRILL AT CUB PARK

A patriotic demonstration will be staged at Weyman park in Chicago before the Cub-Brooklyn game next Tuesday afternoon. Two squads from the Great Lakes training station will drill for half an hour, and the band of 125 pieces from the station will play. It will be in the form of a registration day pageant.

JOE KOSKA HERE

Joe Koska, Pittsburgh writer who is to meet Spike Kelly in a 10-round bout in Jack Rogers' gym on next Monday night, came out from Chicago this afternoon and will train tomorrow and Sunday at Sagara's gymnasium in South River street. He will box with Freddie Enck, local featherweight.

COMMY DOES HIS BIT

Charles Comiskey, owner of the Chicago White Sox, yesterday sent his second donation to the Red Cross. The check was for \$2,929.64, making \$5,159.65 which Comiskey has given in two donations. The receipt of the receipts of every game at Comiskey's park will be given to the Red Cross.

AURORA SIGNS A NEW PLAYER

Scotty Eberts Will Play Right Field in Game Against Rogers Park Next Sunday.

MITCHELL IS COMING BACK

George ("Scotty") Eberts, with Grand Rapids in the Central league last season, has been signed by Aurora and will be in right field against the Rogers Park club of the Chicago league next Sunday afternoon at Fox River park. He is an outfielder and will replace Henney in right field. The latter will be kept as an emergency pitcher and a pinch hitter.

It is probable that Eberts will succeed. He is the captain of the club. He has had experience as a minor league player and is known as a scrappy player. Wright is one of the best semi-pro players in Chicago and would rather play in Aurora than in the Central league and has had several years' experience in minor league baseball, both as a manager and player. We need a scrappy manager to put fight in our club, and it may be we have landed the right man in Eberts. Cy Wright is as good a man as we could get for shortstop but he does not like to manage the club. I believe him to be the best shortstop playing semi-pro ball in Chicago.

"We have also decided to give Mitchell another chance. He wants to come back to Aurora. Mitchell is a great pitcher. He has been in the Central league for two years, but he got in bad with the fans when he lost his head in the game with the Magnets and threw the ball out of the park. It was the first time he has had an off day this season. I am sure the fans will give Mitchell a hand when he comes back as he has twisted some great balls here. We will also keep Miller, who twisted last Sunday. A team should have two pitchers."

The team management has lost \$420 already this season but are not blaming the fans. The weather has been so cold and unexpected. As soon as the weather warms up both Manager Adams and Secretary Ray are confident that the attendance will be big. They have given Aurora the best club the city has had in years but they cannot promise good weather, games are being scheduled with the best clubs in Chicago.

Percey Moulton, Montreal star sprinter, and Frank Lukens, another star, are two men who have done distinguished service.

White Victor Buchanan, president of the Montreal Athletic association, was killed at the front while going over the top with the Fighting Thirtieth. He was one of the best known sportsmen in Canada. Rees, Morrisey and Corwin. East High track stars, are in the best of shape for St. Joseph's annual intercollegiate meet in Chicago tomorrow. Coach Mead has been busy with the three all week.

All three of the local boys have a chance to win in their respective events. Rees should be a sure point winner in the half and in the 440-yard dash. Morrisey has won in his mile and 1000 yard field has not this year in the 440-yard dash. More than 400 athletes, coming from all parts of the country, will compete in the meet.

ST. JOSEPH YOUNG MEN WIN FROM APPLAGATES

GOLFERS AUGUST 6

Women's West Golf Association Assigns Date for Open Tourney at Aurora Country Club.

The Women's Western Golf association has assigned an open tournament date to Aurora August 6. Play will be on the Country club links.

The complete program of tournaments and matches to be held in the Chicago district under the auspices of the W. W. G. A. is as follows:

Schedule for Women.
June 4—Edgewater open tournament.
June 12—Glen Oak open tournament.
June 18—South Shore open tournament.
June 18—Skokie team tournament.
June 19—Midlothian team match.
June 22—Indian Hill open tournament.
June 26—Skokie open tournament.
June 27—Beverly open tournament.
June 29—Elgin open tournament.
July 9—Chicago Golf open tournament.
July 17—18—Windsor open tournament.
July 18—Skokie team match.
July 20—Westmoreland open tournament.
July 25—Beverly open tournament.
July 26—Aug. 1—Midlothian city championship.

Aug. 4—Aurora open tournament.
Aug. 7—Skokie open tournament.
Aug. 9—Wheaton open tournament.
Aug. 10—Indian Hill open tournament.
Aug. 12—Ridge open tournament.
Aug. 14—Glen Oak open tournament.
Aug. 15—Beverly mixed foursomes.
Aug. 17—Ridgemoor open tournament.
Aug. 19—Olympia Fields open tournament.

Aug. 21—Evanston open tournament.
Aug. 23—Oak Park Country club team match.
Aug. 27—81—Florence W. W. G. A. championship.
Sept. 1—All clubs W. W. G. A. par trophy.

Since the Western association has decided to abolish its title in the annual championship, the women players are anxious to know if the Women's Western association will follow suit. Miss Edith E. Packard, secretary of the latter organization, has received a letter from Miss Carolyn Lee of Kansas City asking if any ruling had been made in the matter.

So far no action has been taken, but the subject will be discussed at the next meeting of the board of governors.

At present the W. W. G. A. plays under the rules of both the U. S. G. A. and the W. G. A., and as these now differ one or the other must be followed.

If the system is abolished it is probable the ruling will apply to local tournaments as well.

BLUES IN DOUBLE HEADER

The Young Blues will tackle the American All Stars tomorrow morning and the Bristol team at the City park in the afternoon. In the morning game, Hutter and Davis will work for the Blues, while Patterson and E. Doran will handle the battery work against Bristol.

In previous games the Blues took the measure of the Stars by a decisive score but have lost to Bristol by a shutout.

PAYING TAXES IN PERIODS MAY WIN

Installment Plan Now in the Legislature Reported to Have Strong Backing.

The bill in the Illinois legislature providing for abolishing the office of township tax collector and assigning the work to the county treasurer who is the county collector of taxes is said to have a good chance to pass. A provision of the bill as it reads now makes provision for paying it taxes in installments, twice a year, that is takes an real estate at one period and taxes on personal property at another period.

HELD TO GRAND JURY ON DAUGHTER'S STORY

George Windsholmer, 43 years old, arrested Wednesday night on a second charge preferred by his 15-year-old daughter, Cecile Windsholmer, was held to the grand jury today under \$5,000 bonds. Windsholmer was arraigned before Cortez Dutton late yesterday afternoon. The daughter was the only witness against the father. The Windsholmers reside in Summit avenue.

MORE NEW ENGINES

More of the new big freight engines for the Burlington, which are being built in an eastern locomotive works, are arriving to aid in the transportation of freight. The engines are being put into service just as rapidly as they can be assembled. The latest quota consists of four new engines from the shops that went thru on the way to West Burlington yesterday morning. After complete assembly at the West Burlington shops they will be pressed into immediate service at Galesburg. Two of the late arrivals are "O 1A's," one is an "O 3" and the other is a class "H" engine.

Several of these big moguls have passed thru Aurora with extra heavy tonnage loads and have made fast time between Aurora and Galesburg and Aurora and Burlington. They are not as large as some of the big freight engines now in use by the Burlington but officials of the road say they have greater power.

SEEK COUPLE HERE

Joseph Yankowski, 32 years old, and Mrs. Clara Mashowski, 30 years old, both Lithuanians, disappeared from their homes in East Chicago last Monday and have not been seen or heard from since. The husband of the woman believes that the couple may have come to Aurora as both have friends here. The Aurora police have been asked to search for them.

GERMAN LEADER HEADS HUNGARIAN LOWER HOUSE

(By Associated Press Telex Wire.) Amsterdam, May 31, via London, 12:10 p. m.—Dr. Gustav A. Gross, leader of the German National League, has been elected president of the lower house of the Austrian parliament, according to a Vienna dispatch. In his opening address, Dr. Gross promised freedom of speech and impartiality in debate. He urged the house to see to it that the expectations of Austria's enemies that great dissension would develop during the session should remain unfulfilled.

After the policies of various parties had been stated by their representatives, Premier Count Clemens said the government would make a declaration in regard to all the questions raised, in one of the first sittings after the speech from the throne. The next sitting was fixed for June 5.

Commenting on the meeting of the Austrian parliament, the Tagblatt of Berlin says divergencies of opinion were marked, especially between the Germans and the Czechs, and that the Austrian government had done nothing to improve this situation.

Chalmers Premier

Announcement

Owners of motor vehicles in Kane, DuPage, Will, Kendall and DeKalb counties will doubtless be pleased to know that Chalmers, Saxon and Premier motor vehicles are now being distributed from a well-located, fireproof, and modernly-equipped sales and service garage in Aurora.

I have secured the old Downer Place garage building with entrances at 70 Downer Place and 41 Lake Street and an exit at 43 Lake Street. Here will be shown the various models of Chalmers, Saxon and Premier cars. The service and inspection policies of the three manufacturers will be adapted to local conditions and carried out to the best of my ability for the advantage and convenience of Chalmers, Saxon and Premier owners.

To do this I have employed a man who has been especially trained in the mechanical working and maintenance of these three cars and have placed him in charge of service. This has been done with the thought that you would rather have a specialist looking after your car than a novice and I believe every owner in this community will avail himself of this service.

The choice storage spaces in my garage will be assigned to those who come first and will be especially desirable to west side residents on account of this convenient location. The number of spaces is limited but a certain number of transient cars can always be accommodated and will be welcomed.

Staple Parts and Accessories will be carried in stock, and a competent Washer and Polisher will be in attendance at all times.

My Service Wagon will be primarily for the use of Chalmers, Saxon and Premier owners, but will be at the disposal of any patron—day or night. It will be equipped with all of the necessary materials for towing, changing tires, etc.

Each of my employees will be taught that courtesy, cleanliness, promptness and accuracy are absolute essentials, and that the wishes of my patrons are of paramount importance.

Your immediate inspection of current models of Chalmers, Saxon and Premier Cars and of my place of business will be welcomed.

I am keeping a register of Chalmers, Saxon and Premier owners in order to occasionally mail to them Service Bulletins that are both helpful and instructive. If you are an owner stop here soon and register your name and address.

Officers Imprisoned Following Disorders at Barcelona—War Minister Admits News.

SEIZE CARGO OF WHEAT

(By Associated Press Leased Wire.) Madrid, June 1, via Paris, 4:50 a. m.—Disorders participated in by soldiers have occurred in Barcelona. Several officers have been imprisoned in the fortress.

When reports of the disorders became current here the minister of war was questioned and confirmed the fact and furnished the additional information that a number of officers had been locked up in the Montjuich fortress, adjoining Barcelona.

According to later news these officers include a colonel, a lieutenant colonel, a major, a captain and two lieutenants.

Seize Food Cargo.
Bilbao, Spain, June 1, via Paris.—According to news received from Madrid, the government has ordered the seizure of a cargo of Argentine wheat on board the steamer Rosario which arrived here Wednesday. The cargo was consigned to Switzerland by way of Cote.

The Spanish cabinet, the advice state, maintains that it is entitled to take over the wheat to meet the needs of Spain.

WATERMAN

Waterman, Ill., May 31.—A group of teachers who had done the reading circle work together, enjoyed a very pleasant picnic at the home of Mrs. William W. Waterman, Shabbona Saturday afternoon. They had an abundance of good things to eat and in spite of the storm had a good time. Mrs. Duffy taught north of Waterman last year.

Mrs. Frank Henderson was an Aurora shopper Tuesday.

Miss Shrewsbury of Shabbona visited Waterman friends Saturday.

Ernest Willes was out from Chicago Sunday to see his parents.

The Misses Sawyer and friend were calling on Waterman relatives Saturday.

Mrs. Frank Chafford of Hickory was calling upon her sister, Mrs. Wollenweber Tuesday.

Mr. and Mrs. Ben Harnish of Texas, former Waterman residents, are visiting their many friends here.

Because of the continued rain Wednesday no memorial services could be held at the cemetery.

Miss Florence Merriam and son, friend from the normal school spent the week end with her mother here.

Mr. Chafford of Aurora came out Tuesday to spend Decoration day with his daughter, Mrs. A. R. Wollenweber.

Ernest Heman who has been attending the Mr. Morris college, returned home Monday evening for his summer vacation.

Mr. and Mrs. Harry Olmstead are visiting over a seven pound baby girl which arrived at their home Tuesday morning.

Mrs. Congdon and daughter came out from Aurora Wednesday to spend Decoration day with her parents.

The Watson school had its picnic last week. Wednesday was the last day in that school. Miss Ott will not teach the school next year.

Miss Harriet Brainerd spent Monday evening at Steward with her friend, Miss Anna Coker, who expects to start for California at week.

Mrs. W. C. Latta of Chicago is visiting her sister, Mrs. Roy Low, at Waterman. Roy Low is much better Tuesday he was able to sit on the sun porch at the East Side hospital.

Mrs. Sullivan who has been with her daughter, Mrs. C. H. Wilkenson, the past few months, returned to her home in southern Indiana Monday.

Mrs. Wilkenson accompanied her as far as Chicago.

Friday evening the juniors entertained the seniors at the David Hippel home. Each student was privileged to invite one guest. There was a company of about 30 who had a jolly evening playing games.

H. E. Hoover, wife, two sisters and wife's sister called upon the H. E. Dunn family Sunday. The party had been spending the week end with Mr. Hoover's parents and were on their way to their home at Oak Park.

Mr. Hoover is an old time friend of Mr. Dunn.

will look this summer on Chicago's Lake Front
Skyline of Chicago in background

When the hosts of the Modern Woodmen of America at their triennial Head Camp in Chicago, June 23-25, they will be welcomed by a city teeming with military fervor and bristling with war preparation.

Hundreds of additional recruiting stations have been established in vacant stores in all parts of the city and recruiting tents of the army, navy and marine corps have been erected.

A fine program was given in the high school auditorium, the several rooms assisting. Five old soldiers were present. After the program, Mrs. Gay Harnish raised a fine new flag and the pole erected above the building.

George Rothardt, aged 89, passed away Monday evening at the home of his daughter, Mrs. Charles Loeffler. He had been very low the past few days. The funeral services will be held Thursday afternoon at 1 o'clock at the home and at 2 o'clock at the German church.

The Dean relatives were invited to the Ross Swift home Sunday. All were present with members of their families with the exceptions of Fred Dean of St. Louis and C. C. Dean of Somokuk. The gathering was a very pleasant one. A delicious dinner was served by the hostess.

Eleven of the Waterman soldier boys drilled under the Welch Sunday afternoon. The boys are doing nicely. Another boy enlisted that day, making now 17 from Waterman.

The boys had to report at Peoria Wednesday with the exception of those taking part in the parade there and at Sycamore for Decoration day observance. Last Sunday evening they were guests of honor in the Sycamore Methodist church where a Memorial song service was given.

John Johnson, an aged resident of this town passed away at his home very suddenly at 9 o'clock Tuesday morning. Mr. Johnson, always well and energetic, was out plowing his potato patch and not feeling well, he cleaned the plow and went inside complaining of a pain in his side as he sat down. His wife hurried to the neighbors for aid, but he died before help could be given him.

The funeral services were held Thursday forenoon at 10 o'clock at the Presbyterian church. Mr. Johnson leaves a wife and many children and grandchildren.

The funeral services for the late W. J. Randles was held in the U. P. church Friday afternoon. The church was filled with friends and relatives of the deceased. Interment took place in the Oak Mount cemetery.

Reverend Acheson preached the sermon and Reverend Graesser also spoke. Music was furnished by the quartette. Mr. Randles was born in Washington county, New York August 2, 1848. He, with his parents, came to Illinois and located in Chisholm township in 1867. Mr. Randles and Miss Emma White were united in marriage December 19, 1878. To them were born four children, Mattie, Mrs. George McCleary, Andrew, now pastor United Presbyterian church Mrs. Anna Cox, both of Waterman.

Their mother passed away February

in Grant park, on the lake front, within a short distance of the spot where five thousand unarmed Woodmen foresters will pitch their tents. The picture shows Camp Bort as it will look when the foresters occupy it in June, with Chicago's famous skyscraper skyline in the background. The camp was named in honor of A. N. Bort, one of the directors of the Modern Woodmen of America.

The foresters will give drills on the great parade ground stretching in front of the camp. Regular army officers will award the prizes to the best drill teams and will review a big forester parade thru Chicago's business district on June 21.

The forester officials declare that their encampment, with its drills, parade and general military aspect, will do much toward speeding up recruit-

ing. Maj.-Gen. M. W. Saxon, who commands the forester division, says that many of his men already belong to national guard regiments in their home states and expect soon to lay aside the uniform of the society and put on that of the United States. There are 60,000 drilled men in the forester organization and Gen. Saxon asserts that every one of them stands ready to serve his country at a moment's notice.

NA-AU-SAY

Na-Au-Say, Ill., May 31.—Miss Alta Barrett, having spent the past month at the Edward Gates home, returned to her home at Chillicothe, Mo. Monday.

Mrs. Eugene Conroy is spending this week with relatives in Aurora. Earl and Albert Clayton were visitors at Edward Gates' Sunday evening.

Mr. and Mrs. Henry Borneman visited Sunday at John Borneman's, near Plano.

Mr. and Mrs. Glenn Leigh and daughter, Dorothy, were entertained Sunday at Kenneth Campbell's.

Mrs. John Murley entertained a few friends at supper Saturday evening in honor of Mrs. Kate Thompson of Kansas City.

Mrs. E. S. Martin underwent an operation at the Aurora City hospital last week, and is reported to be getting along nicely.

Stomach Ease For One Week Here's the Way—FREE

Your stomach is all right—it is as good as a stomach as your neighbor's. If ever you trouble the reason is to be found in the fact that you have allowed it to get in the habit of accumulating excess acid and poisonous juices. Lift out these harmful fluids and that's all there is to it—nothing else—and here's the way to prove it in a hurry, free.

If you could reach into your stomach with a sponge or blotter and suck up these excess stomach acids and leftover juices, the hurt would leave with the juices and you wouldn't be reminded that you ever had a stomach. You would know what real stomach ease means.

EATONIC—the new way of relieving stomach distress—acts just like a sponge. It is a pleasant-tasting, compressed compound that you eat just like candy. As you eat it, thousands of sponge-like particles enter the stomach and blot up the excess acid and poisonous fluids, sucking them up like a sponge, takes them right out through the intestine—and Nature does the rest. And EATONIC is indeed healthful for anyone's stomach because it is antiseptic. It does not contain a particle of anything that can possibly hurt the weakest stomach.

Just to prove that every word of this is absolutely true, you are invited to try a full week's course of EATONIC free. We have set aside next week beginning Monday to be known as EATONIC WEEK. On any day during that week you may obtain a full week's supply of EATONIC. Absolutely Free, simply by asking for it. You are asked no questions, and do not make yourself uncomfortable under the slightest obligation. The leading druggists in this city now have EATONIC on hand. Go to any one of them any day next week and get your full week's supply absolutely free. Let this week's test prove to you that you can now enjoy perfect stomach ease and comfort. That you can actually forget you have a stomach. There is nothing at all for you to pay—the full week's supply of EATONIC is absolutely free to you. After you take EATONIC for a week and you want more, these same druggists will supply you in full at a price.

Hundreds of thousands of packages of EATONIC have been sold to people with painful stomachs and stacks of letters from them show clearly that it is just a matter of taking out the excess acid and the trouble is gone. Doctors will tell you that indigestion, dyspepsia, heartburn, bloating, that full, heavy feeling after eating, belching and "gassy" stomachs, and almost all stomach pains are caused by the presence of too much acid in the stomach. Excess acid acts as a poison and irritates the lining of the stomach, retards digestion and causes the food to sour and ferment in the stomach and bowels. This causes the formation of poisonous juices and harmful gases. We have shown you a sure, pleasant way of getting rid of that excess acid and poisonous juices by means of EATONIC, which literally sucks them up and blots them out. We are giving you the proof that EATONIC will positively do this and the proof doesn't cost you one cent. Go to any of the leading druggists in this city any day next week and get your proof, free. For get your stomach for a week. Learn what real stomach ease and comfort mean.

It goes without saying that, with your stomach in perfect working order, free from excess acids, you get a much greater strength out of your food than you are now getting. You will have more vigor—more power to act and think.

Be sure to get your full week's supply of EATONIC absolutely free from leading druggists on any day during next week. It places you under no obligations whatever. Eatonic Remedy Company, 1015 South Wabash Avenue, Chicago, Ill.

100% Pure
The Same Fresh Fruit—Peter Pan Extracts
Peter Pan extracts retain the true fruit flavor even through cooking. They give the fresh fruit taste, impossible to obtain with other extracts, to your desserts.

Peter Pan Non-Alcoholic
Triple Strength Extracts

are 3 times as strong as standard alcohol extracts. The vegetable Oil of Sesame in them makes them 100% pure—no alcohol to evaporate the flavor and dry up your cake.

Compare Peter Pan With Others
Do it yourself! We are willing that you should make the test. Bake two cakes of the same batter. In one use Peter Pan—in the other, the standard alcohol extract—and let your family judge which is better.

Don't wait until you forget it. Order a bottle of Peter Pan now and then you'll be sure your desserts are extra delicious the next time you entertain.

GERMANY WILL NOT ANNEX TERRITORY

No Extension of Rule to Conquered Countries Intended, Says Berlin Paper.

In Answer to England's Proposed Policy of Demanding Reparation After War.

(By Associated Press Special Wire.)

Amsterdam, May 31, via London, 2:27 p. m.—The declaration is made by the semi-official Nord Deutsche Allgemeine Zeitung of Berlin that Germany desires no extension of territory for the purpose of aggrandizement or of political or economic protection of power. Germany wishes solely to defend her own territory against foreign plans of conquest, the newspaper says, and moreover demands such guarantees as will serve for the purpose of her future defense and self-protection.

These statements are made in commenting on the recent speeches by Lord Robert Cecil, British minister of blockade, and H. H. Asquith, former British premier. The newspaper says that, apart from the imputations in Mr. Asquith's speech the principles expounded coincide with those of responsible German quarters, both formerly and during the present war.

England's Policy.

Lord Robert Cecil said in the house of commons May 16, that Great Britain could not commit herself to a policy of returning German colonies and Turkish provinces in which the natives had been mistreated, and asked whether such a policy should be adopted in the case of Poland, Alsace-Lorraine and Italy. Irredentism and Germany should make reparation for despoiling Belgium, Serbia and northern France and destroying merchant ships. Mr. Asquith said that if the war were to end in an honorable peace there must be annexation, continuing the emancipation of populations laboring under despotism, and that the retention of strategic positions as safeguards against future attacks might be necessary.

Pole Council Resigns.

Copenhagen, May 31, via London, 2:33 p. m.—The Lokal Anzeiger is quoted in a Berlin dispatch as stating that the Austrian and German governments have decided against the appointment of a regent for Poland at the present time. It is proposed, however, to increase the powers of the provisional council of state, the newspaper says, following the declaration by the council that an immediate institution of the regency was imperative.

The Lokal Anzeiger's statement would tend to confirm yesterday's report that the council of state has resigned.

JAPAN NEGOTIATING LOAN TO THE ALLIES

(By Associated Press Special Wire.)

Tokio, May 29.—The heavy movement of gold from the United States to Japan was explained by Kame Shoda, minister of finance, as being due principally to the fact that the indebtedness of Great Britain and France to Japan is being paid partly thru America. M. Shoda revealed the fact that Japan is now negotiating with Great Britain and France, with the purpose of making war loans to them, while private Japanese concerns, including the specie and industrial banks, are planning the purchase of British and French securities held in the United States. These operations will reduce the overflow of American gold and relieve the burden of Japan's accumulating supplies.

M. Shoda emphasized the fact that the trade balance was not an exact gauge of the situation, pointing out that Japan now has a yearly income of 200,000,000 yen from abroad in the form of ocean freights, insurance and remittances from Japanese in other countries. He also called attention to the fact that British discount restrictions, made necessary the sending of specie to India in settlement of the importation yearly of cotton to the value of 200,000,000 yen.

Japan's specie holdings are increasing at the rate of about 67,000,000 yen monthly, M. Shoda estimated.

Heads Crocker Land Explorers' Relief

CA. ROBERT A. BARTLETT.

The American Museum of Natural History has announced that it has chartered the steamer Neptune and would send it to the relief of the Crocker Land expedition, which has been marooned in the Arctic since 1915. This will be the third attempt to reach the expedition, the prior efforts proving failures.

Capt. Robert A. Bartlett, who was with Peary in his Arctic explorations, will command the Neptune. The ship is now in the service of the British government as a coal carrier. It is expected the relief expedition will start about July 1, and if successful it should return in September.

Members of the Crocker Land expedition who are believed still alive would lay aside present hardships and join the relief party. The expedition consists of six scientists and the crew.

MARINES ARE ENLISTING FOR WAR PERIOD ONLY

Washington, May 31.—Recent legislation which authorizes enlistments in the United States marine corps for the period of the war only, coupled with the fact that the marines will form a part of the first and succeeding United States contingents, has done more in the recent stimulation of recruiting for these "soldiers of the sea" than any other factors, say marine corps officials here.

It is thought that many young men who would not ordinarily select a military career as a business, but would lay aside present financial and personal gain for love of country and future benefit, take to enlistments "for the war only," and this type are generally eager for quick action.

Seven Points About Registration

1.—There is only one day for registration, June 5, 1917.

2.—Every male resident of the United States who has reached his twenty-first and has not reached his thirty-first birthday must register on the day set, June 5, 1917. The only exceptions are persons in the military or naval service of the United States, which includes all officers and enlisted men of the regular army, the regular army reserve, the officers' reserve corps, the enlisted reserve corps, the national guard and national guard reserve, recognized by the militia bureau of the war department, the coast guard and the naval militia, the naval reserve force, the marine corps reserve and the national volunteers, recognized by the navy department.

3.—Registration is distinct from Draft. No matter what just claim you have for exemption, you must register.

4.—Registration is a public duty. For those not responsive to the sense of this duty, the penalty of imprisonment, not fine, is provided in the Draft Act.

5.—Those who thru sickness shall be unable to register should cause a representative to apply to the county or city clerk for a copy of the registration card. The clerk will give instructions as to how this card should be filled out. The card should then be mailed by the sick person, or delivered by his agent, to the registrar of his home district. The sick person will enclose a self-addressed stamped envelope for the return to him of his registration certificate.

6.—Any person who expects to be absent from his voting precinct on Registration day should apply as soon as practicable for a registration card to the county clerk of the county where he may be stopping, or if he is in a city of over 20,000, to the city clerk. The clerk will record the answers on the card and turn it over to the absentee. The absentee should mail this card to the registrar of his home district so that it will reach that official by Registration day. A self-addressed stamped envelope should be enclosed with the card to insure the return to the absentee of a registration certificate.

7.—Registration booths will be open from 7 a. m. to 9 p. m. on Registration day, June 5, 1917.

VON BISSING URGED BELGIUM BE HELD

Late German Governor of Con-
quered State Told Kaiser
Move Necessary for Peace.

Declared Germany Must Have Territory
Between France and Eng-
land on Seacoast.

(By Associated Press Lead Wire.)

Copenhagen, June 1, via London.—The late Governor-General von Bissing of Belgium maintained until the day of his death his belief in the necessity of the complete annexation of Belgium to Germany. German advocates of moderate peace have been asserting that von Bissing changed the views he expressed in the memorandum he addressed to the emperor advocating annexation.

This was disproved by a letter written by von Bissing January 14, to the reichstag deputy, Dr. Stresemann.

In this letter General von Bissing declared that the war was lost if Belgium, at the end, was not chained to Germany, to be ruled and exploited in Germany's interest. He chided those "superficial thinkers" who tried to content themselves with guarantees of a paper nature or who considered the Meuse line an adequate frontier, a line which can never constitute the frontier which we need.

Von Bissing goes on to say that the frontier needed to protect Belgium against England and France must be advanced as far as conceivable northward and that the coast is and must be part of that frontier. The governor-general declared that his entire policy had been guided by this idea and that he had labored secretly but steadily to build up "connections" to support this program. He added that if these secret connections were maintained he hoped the time would come when Germany would be compensated threefold for her great sacrifices in the war.

Polley Toward Church.

Von Bissing continued by saying that his policy toward the Flemings and the Belgian church was inspired and guided by this thought. Perhaps Cardinal Mercier will be surprised to read that the general conducted his church policy with "wise moderation" and also his opinion that "I should perhaps have had an easier time along Kulturkampf lines referring to Bismarck's Kulturkampf or war with the Roman Catholic church, but we need the church when once we wish to bring German methods and German labors into effect in Belgium."

IOWA TRAPSHOOTERS WOULD FORM REGIMENT

(By Associated Press Lead Wire.)
Waterloo, Iowa, May 31.—In convention here last night the Iowa State Sportsmen's association in resolutions unanimously pledged support to the president and the government in the world war and favored the organization of a regiment of trapshooters for active duty in the conflict. The association also authorized the purchase of a \$500 liberty bond.

E. C. Hinchshaw, Spirit Lake, was re-elected president, and other officers chosen are: S. S. Foster, Mason City, first vice president; John Peterson, Randall, second vice president; A. L. Yearous, Eagle Grove, secretary; treasurer, A. J. Schmitt, Storm Lake; H. G. Northey, Waterloo, and Joseph Konvalinka, Mason City, directors. Mason City was selected for the 1918 convention and tournament.

Helping the Nation.

The response that is being made by the people to the liberty loan is both untold and corporations alike are subscribing generously, and among the first of the latter being the National Hosiery company, which took \$500,000 of the bonds.

MOTHER AIDED, PETEFISH SAYS

Feels Better Than She Has
For Many Years Since
Taking Tanlac.

WANTS OTHERS TO KNOW IT

Jacksonville, Ill., June 1.—Claude Petefish, well known farmer residing at Litchberry, Ill., near here, made the following statement on May 19, telling how his mother, Mrs. W. H. Petefish, was greatly aided by Tanlac, the celebrated new medicine.

"About four years ago, mother began having trouble with her stomach. Rheumatism bothered her, too. Her food never agreed with her. Especially in the mornings she suffered severe pains in the back and her sides. 'Well, sir, mother has taken only one bottle of Tanlac but just this morning she told me that she felt better now than she has for the past three months. The pains in her back and limbs are not nearly so severe. Her stomach is improved. Mother wants other people to know of the good Tanlac has done her so that they may try the new medicine and receive the same benefits.'"

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, loss of appetite, catarrhal complaints, nervousness and the like.

Tanlac is being introduced and explained in Aurora at the Public Drug Store and in Geneva at Johnson's drug store. In Sandwich at Converse's Cash drug store, in St. Charles at Staudt & Bager's drug store, in West Chicago at Center Drug store.

AMERICANS EAT TOO MUCH MEAT

Government Food Thrift Bulletin Urges More Economical Use of Costliest Food.

CHEAPER CUTS NUTRITIOUS

Meat is one of the more expensive items in the food bill of the ordinary family, and for this reason it is important that it be bought and used to the best possible advantage.

American consumers are reminded of this in a statement just issued by specialists of the United States department of agriculture. The methods by which economy may be effected will vary, it is pointed out, with the conditions surrounding each family, with the amount of personal supervision given by the housewife to the preparation of food, with her skill, with market conditions, and with the willingness of the members of the family to eat dishes other than those—often especially expensive—for which they have a special liking.

Many persons, says the statement, eat over-abundantly of meat. In such cases it should be possible, if the incentive is great enough, to reduce expenditure for meat by reducing the amount purchased by telephone or orders to a butcher's boy, personal shopping and careful selection may make a saving possible. Still another possibility for economizing is to purchase cheaper cuts and to compensate for any toughness and less-desirable flavor by preparing them more carefully for the table.

Finally, economy often may be achieved by utilizing the meat more completely, including the trimmings and bones, and left-overs.

Cheaper Meats Nutritious. In purchasing the economical, and often tougher cuts of meat instead of the choicer cuts, a housewife is losing little, if any, nutritive value, of course, the proportion of bone to meat is no greater than in the more costly kinds. She rather is sacrificing only texture or flavor or ease of preparation for the sake of cheapness; and, if she wishes to produce dishes as palatable as those made from expensive meats, must expend more care on preparing, flavoring and cooking. If the cheaper meats are purchased, for example, a degree of tenderness may be imparted to them by the well-known method of pounding the meat. The juices and flavors of such steaks will be retained more satisfactorily if flour is sprinkled over them during the heating process and so worked into the fibres on the surface.

Another common method of utilizing the tougher meats is to grind them and form them into balls which may be broiled like steak. Cheap cuts of meat also may be cooked slowly with vegetables or dumplings in a casserole or any other thick-walled baking dish which can be covered, the juices thereby being retained.

Whatever the quality of meat bought, undoubtedly there will be in most cases trimmings and scraps such as fat, bones, gristle, etc. The fat may be tried out by grinding or chopping and heating in a double boiler. The tried out fat then may be boiled in water and allowed to solidify on the surface of the water when the latter cools, impurities being scraped from the under surface of the cake. Trimmings of lean meat, gristle and bone, may be boiled slowly and used for soup stock.

Palatable Dishes from Leftovers.

Left-over portions of cooked meats from serving dishes may be used in a variety of ways to prepare palatable dishes. In utilizing such materials and in the preparation of other meats, the knowledge of a few general principles of cookery, such as the quantity of flour required to thicken sauce, the time needed for cooking meats of varying toughness, the proportion of starchy foods or succulent vegetables to combine with meats, and the like, makes it easy to utilize whatever materials may happen to be on hand without a special recipe for each particular dish. Left-over cooked meats may be used, like small pieces of uncooked meat, with vegetables and other foods in the preparation of casseroles, in making stews, hashes, croquettes, etc. Cold sliced meat may be served with hot gravy made from soup stock, milk, meat fat and flour or other ingredients.

An important way, in which the amount of money expended for meat may be lessened is by preparing relatively small quantities of meat in such a way as to extend its flavor to other and cheaper foods. In using meat as an extender its flavor may be ground and combined with rice, bread crumbs, etc., to form croquettes; made into pies with relatively large quantities of pastry; cooked with dumplings; served in the same dish with gravy and starchy foods, such as spaghetti or rice, ground and used with bread crumbs or other materials, as a stuffing for vegetables, such as tomatoes and green peppers, or cut thin and wrapped around a stuffing of bread crumbs, rice, vegetables, etc.

If it is considered desirable, other protein foods may be consumed in larger quantities to take the place of the meat formerly eaten. Thus, if they are cheap, skim milk, eggs, dried beans, peas, corn, etc., and legumes.

A few typical recipes are given below as examples of the many dishes which may be prepared with meat as the chief ingredient.

Stew from Cheaper Cuts of Meat. Braised Beef or Pot Roast—Brown the meat on all surfaces, place in closely covered kettle or other receptacle with small quantity of water and flavoring vegetables, such as onion, carrot, etc., and cook until tender. Browning the meat helps to keep in the juices. The slow cooking in water and steam makes for tenderness.

Savory Beef.—Cut a pound of top round of beef into two-inch pieces and sprinkle with flour; fry a small piece of salt pork until light brown; add beef and fry for about 35 minutes, stirring occasionally. Cover with water and simmer about two hours (fireless cooker may be used); season with salt and pepper or paprika. Serve with a sauce made as follows: Cook in water 20 minutes a cup of tomatoes, part of a stalk of celery, one-half onion, three whole cloves, three peppercorns and one blade of mace or a very little nutmeg. Rub thru a sieve, add some of the gravy from the meat, thicken with flour moistened with cold water, and season with salt and paprika. Noodles, boiled rice, hominy, or chopped potatoes, carrots and green peppers or other vegetables in season, may be served on the same dish.

Casserole Roast.—(A casserole may be improvised by using a heavy earthenware dish covered with a plate). Brown round or rump of beef in fat from a slice of fried pork. Place in casserole with chopped carrot, turnip, onion, celery, etc., around it. Add two cupsful of water or stock, cover and cook in hot oven three hours, basting occasionally.

Extending the Flavor of Meat. Stew with Dumplings.—Make stew from small pieces of meat and vegetables, cooking it on stove or in fireless cooker. Serve with dumplings made as follows: For a stew using one pound of meat mix a little more than one-third cup flour with out teaspoonful of baking powder and pinch of salt, work in a rounding teaspoonful of butter and mix with enough milk to form a medium stiff dough. Cut into small pieces and cook in a buttered steam-er over a kettle of boiling water or remove enough gravy from the stew to expose the meat and vegetables, and place the pieces of dough on top. These solid materials are enough to satisfy the appetite.

Meat Pie.—Meat pie is most satisfactorily prepared by using meat and vegetables first cooking the Line a pie, suitable as for a stew, casserole, earthenware dish, or fireless cooker. Roll out dough rolled very thin, put in the meat, vegetables, and gravy, cover with dough and bake in a hot oven.

Meat Turnovers.—Place an uncooked cooked meat available on circles of biscuit dough about the size of a saucer. Fold the dough over the meat, crimp the edges, and bake in a hot oven. Vegetables may be combined with the meat filling as desired and the whole may be served with gravy.

Veal or Beef Birds.—Cut very thin meat into roughly rectangular pieces of sufficient size for individual servings. Place on each a stuffing of bread crumbs, seasoned with chopped onions and other flavoring vegetables and herbs. Fold or roll up the meat and skewer in place with toothpicks. Brown the rolls in fat, remove and make gravy from the fat, flour and stock if available. Place the rolls in the gravy and cook slowly until tender in a covered baking dish, a steamer, or a fireless cooker.

SUSPEND POLICE OFFICER FOR PRIZE FIGHT PERMIT

(By Associated Press Local Wire.) Chicago, June 1.—Chief of Police Schuetzler has suspended Lieut. E. C. Gurney, who authorized the holding of the boxing match Tuesday night during the course of which a raid by police resulted in the arrest of a number of aldermen and city and county employees. It was said at the time that several municipal judges and prominent politicians were also present at the boxing match. It is said charges will be filed against the lieutenant charging him with allowing the match to be held against the laws of the state.

YOUNG ORPHAN GIRL

How She Was Cured. Had Headaches, Dizzy Spells, Awful Pains, Could Not Work.

Pittsburgh, Pa.—"I am an orphan girl, and when only seventeen years old, I was left to support myself, but I would have such sick spells every month that I would have to stay at home from work, and I could not afford to do it. I also had headaches, dizzy spells and a pain in my side. My sister told me how Mrs. Lydia E. Pinkham's Vegetable Compound had helped her, so I began taking it. The result is I am now in good health and never lose a day from my work, and you may publish my letter to show other girls the good Lydia E. Pinkham's Vegetable Compound will do."—Miss MARIE SCHMELTZ, 314 Gardner St., Troy Hill, N. S., Pittsburgh, Pa.

This good old root and herb remedy has proved unequalled for periodical suffering of young women; it contains what is needed to restore beautiful conditions.

LIVE WIRE BURNS BATAVIA LINESMAN

Local Manager William Whitten of Inter-State Phone Co. Unconscious From Hurts.

Touched Back to Exposed Wire and Shock Hurts Him From Pole to Ground.

Batavia, Ill., June 1.—William Whitten, employee of local manager of the Inter-State Telephone company, was up a pole repairing a telephone wire yesterday afternoon when he came in contact with a live wire and received a shock of 2,800 volts.

He fell to the ground and was removed to his home in Franklin street where he is still unconscious. It has not yet been determined whether he has suffered internal injuries or not. Dr. R. S. Bothwell, who is caring for the man, says he will not be able to determine the extent of the injuries, either fractured bones or other hurts until he regains consciousness.

Whitten came here about four months ago with his wife and two children. He had been manager of the telephone office at Elburn until that time.

Whitten was at work repairing a line on North Main street which had been damaged during the recent storm. He was touched in the back with a live wire and fell to the ground. It was thought at first that he had suffered a broken back, but upon examination it was found that his clothing was burned in the back and that the flesh was also badly burned between the shoulders.

Indiana Minister Coming.

Nicholas L. Johnson received word today from the Rev. Claude A. Gunder from Madison, Ind., that he will come here Sunday to conduct services for Sunday at the Congregational church. Mr. Gunder comes well recommended.

Salesbury Estate \$4,000.

The will of Mrs. Florence Salesbury was probated at Geneva today by Attorney J. Paul Kuhn and was valued at \$4,000 real estate. George H. Horwarth and his mother are to receive a portion of the estate.

See End of Franchise Deadlock.

Altho the members of the city council have not yet passed an ordinance accepting the franchise drawn by City Attorney J. Paul Kuhn and Attorney Pegler of the traction company, every alderman that has read the agreement believes that the settlement will be satisfactory and that they will vote in favor of an ordinance accepting the proposition soon.

The old franchise ended last August 31, and the new franchise will date from that time. The traction company has paid \$2,100 to the city since February for use of the tracks here.

The agreement made between Attorney Kuhn and Pegler is that the city of Batavia receives \$1,400 per year for a franchise that will be for 20 years. The \$2,100 paid by the traction company will be used in this manner. The \$1,400 will be used for the first year's franchise which started last August. The city will take \$500 for damages which the city authorities claim have been done in past years by the street car company.

The \$200 left from the sum paid in advance will be applied towards the \$1,400 which will be paid in August for next year. The traction company will have to keep the street in good condition between the tracks. The traction company agrees to have the half-hour cars go to the north city limits. This is a big popular demand. People in the winter time are now forced to stand at the corner of First street and Batavia avenue, with no protection from the cold, as half-hour cars do not now run as far north as the transfer station at Wilson street.

The franchise is to be voted upon in council a week from next Monday.

St. Charles Team Coming.

The first game between the Batavia Blues and the St. Charles baseball teams will be played on the west side grounds in this city Sunday afternoon. The grounds are being put in first class condition and unless the weather interferes a big crowd is expected.

Aid Red Cross.

The women at work in the Red Cross membership campaign are meeting with much encouragement and have enlisted the following who were anxious to do their bit: Miss Lydia Benson, Miss Emily Benson, V. Glaspool, Mrs. Rippberger, John Benson, Mrs. Florence Weaver, Mrs. F. W. Jacobs, Mrs. L. D. Cronk, Mrs. S. M. Wolverton, Miss Edith Wolverton, Miss Anna Mantake, Mrs. Roy Clever, Komers Brothers, A. TO DISTRIBUTE WAR MESSAGE TO YOUTHS

Club Women of Geneva and All Kane Co. Enlist in Move to Stir Patriotism June 5.

Mrs. E. D. George Made Kane County Chief Distributor in Charge of Work at Pella.

Geneva, Ill., June 1.—A copy of Woodrow Wilson's war message delivered to congress in April, and the basis of the action of congress in its act of war against Germany, will be given to every youth of Kane county who registers under the war draft law next Tuesday.

Mrs. E. D. George, president of the Geneva Women's club, has been appointed message-distributor for Kane county. She received the appointment from Mrs. Charles Burgess of the national committee of the National Defense league.

The Kane County Federation of Women's Clubs will meet tomorrow at Pella, Iowa. Mrs. George will tell the delegates of the plan to distribute the war message of President Wilson.

Mrs. George said today that although plans are not yet made for distributing the message, that it is likely that members of the women's clubs of the respective townships will do the work at the registration places throughout the county.

No Crime Here.

Geneva has had another three months without serious crime. The jury reporting yesterday did not return an indictment against any Geneva resident or against any person for a crime committed at Geneva.

Social and Personal.

The Rev. Mr. McClary of Aurora, an official of the Aurora Y. M. C. A., will conduct service and preach in the Congregational church next Sunday. He was at the church last Sunday.

The Mesdames G. W. Wilson, delegate, and Frank Parish, alternate, of the Geneva Women's club, will go to Elgin tomorrow to attend the meeting of the federated women's clubs of Kane county.

Mr. and Mrs. Joseph Gaffney announced the birth of a son.

"Doc" Johnson, who enlisted recently and went to Jefferson Barracks, Mo., has been transferred to El Paso, Texas.

Battle on Prize Fighting.

C. B. Bailey of Geneva in a recent communication to a Chicago newspaper suggested sending prize fighters to the battle front.

Mr. Bailey wrote: "We all have our line of inconsistency. In this one of the Tribune's 'You had an editorial awarding a 'Q' to heroes of the diamond and gridiron, which is well enough, but you had another pleading for legalizing prize fighting under the euphonious name of boxing matches. BIG ROCK

Mr. and Mrs. William Meyer are the proud parents of a son born Tuesday morning.

Charles Keasler and family will move into the Leslie Whitlin house, at Aurora, Wednesday at the home of F. Beger.

Mr. and Mrs. Clyde Shaw are proud parents of an eight pound daughter that arrived Tuesday.

Mr. and Mrs. J. Evans of West Pullman spent Tuesday night with A. R. Jones and wife.

Misses Lizzie and Emma Marquardt of Aurora visited at the home of their brother, Otto, of late.

Mrs. Daniel Davis expects to soon leave on a trip to Greeley, Colo., to visit her sister, Mrs. Harry Coulson. Several from here attended the funeral of Daniel Lewis north of Hickory Monday at his late home.

Mrs. Gust Carlstrom and four children of Sycamore visited Mrs. Samson and other friends this week here.

Mrs. Ella Steinfeld, Mrs. Leslie Houghtaylen, Clarence Houghtaylen and Miss Gladys Scott of Sandwich, were here Tuesday.

Mrs. Pearl Hughes and son, Whitford, and two daughters, Miss Genevieve and Margaret, of Austin, visited at the home of Richard Michael Memorial day.

Mr. and Mrs. James Guy have loaded their household goods into a car this week. The family will leave Friday for Denver, Colo., to reside. Their many friends regret their departure from this vicinity. They were given a farewell party at the Congregational church Tuesday evening.

PLAINFIELD VOLUNTEER WEDS COLORADO GIRL

KENNETH OWENS, U. S. ARMY SURGEON, MARRIES MISS DOROTHY CHITTENDEN.

Plainfield, Ill., June 1.—The many friends of Kenneth Owens will be surprised to hear of his marriage to Miss Dorothy Chittenden.

The wedding was solemnized at St. Peter's Episcopal church, Denver, Colo. The Rev. Harry Watt, rector of the church, performed the ceremony and only immediate relatives were present.

After the ceremony the young couple left for Plainfield, where Mrs. Owens will remain with her parents. Her husband will leave Wednesday, June 6, for Allentown, Pa., where he is a member of the medical corps of the United States army as assistant surgeon.

Miss Owens is the only daughter of Mrs. Luella Chittenden of Boulder, Colo. She is an accomplished young woman. The groom is the oldest son of Dr. and Mrs. Owens and is a member of the 1917 class of Rush Medical college of Chicago.

Miss Mary Winsig, who was a guest of her mother, suffered a serious fall last evening when she went to take the car on her way to her home in Chicago. She started for the car and in some way her foot caught on the sidewalk and she was thrown to the ground, injuring her hip. She was carried to the home of Father Leiser, where her mother is housekeeper.

A fine baby girl has come to the home of Mr. and Mrs. Henry Birkett. Mrs. Thomas Murphy and daughter, who have been spending the last month with her parents, Mr. and Mrs. John Bille, have returned to their home at Rossville, Ill. They were accompanied by Mr. Murphy, who came to spend Memorial day.

The Phi Alpha Sigma class of the Evangelical Sunday school enjoyed a picnic at the home of Clayton Smith yesterday. It had been planned to have a picnic in the grove on account of the rain it was served in the house. The games were played in the large barn which was cleared and made a fine place. Some 30 were present.

Mr. and Mrs. John Wilkiny spent yesterday with Mr. and Mrs. Fred Wilkiny of Aurora.

Fred Pilcher of LaGrange is visiting at the home of his son, Carl Pilcher.

Raymond Powell and Chester Huston, two of our army boys from Joliet, spent yesterday with Plainfield friends.

Mrs. Ann Thompson is seriously ill with pneumonia. The Thompson family has been quarantined for scarlet fever and this makes it doubly hard for them.

The Home Interest club was entertained at the home of Mrs. John Birkett yesterday afternoon. Two guests were entertained, Mrs. John Lawrence and Miss E. Andrews. The time was spent in doing fancywork, after which luncheon was served. The next meeting will be held with Mrs. Charles Davis.

Evangelical church announcements: Plainfield—Sunday school, 10 a. m.; Children's day program, 11 a. m.; Y. P. meeting, 7 p. m.; preaching, 8 p. m. Sunday morning during the regular preaching hour the Children's day program will be given. An offering will be taken for the mission cause. Wheatland—Sunday school, 9:45 a. m.; preaching, 10:45 a. m.; Y. P. meeting, 7 p. m.; preaching, 7:30 p. m.

WATERMAN

There are five in the graduating class from the Waterman high school this year. They are: Will Mabel, Ray Darling, Ida Mize, Jone Swift and Iva Gibbons. The commencement exercises will be held in the Methodist church Thursday evening June 7. The music will be furnished by the high school glee club and Miss Wells, the music teacher. The address of the evening will be given.

The members of the Hope club met at the Potter home Friday morning and walked out to the Carl Greeley place where they built a camp fire. They fried bacon and eggs and made coffee. The fact that the first pot of coffee tipped over in the coal just as they were about to start the fire, enjoyed Parkerhouse rolls and plenty of strawberries and cream. The morning was ideal.

Mr. and Mrs. Kit Carson, Mrs. C. M. Greene and Miss Harriet Whitford attended the May festival concert in De Kalb Friday evening. Besides hearing Mrs. MacDermid, soprano, and Robert Quatte, tenor, both noted singers from Chicago, they heard a chorus of 62 voices render the Indian legend "The Four Winds" by Longfellow. The music and singing were most beautiful and enjoyable. The chorus work showed first-class training. Professor Toenniges was instructor.

Released With Warning.

Des Moines, Ia., June 1.—Herman Kirch, prominent manufacturing jeweler of Des Moines arrested several weeks ago by federal authorities on suspicion of acting contrary to the interests of the United States in the war with Germany was released today upon instructions from Washington. He was released, federal authorities said, but repetition of certain alleged utterances and actions would result in his rearrest.

BIG POTATO CROP, OUTLOOK

The Burlington railroad crop report for the week ending last Saturday is encouraging although at that time more rain and sunshine was needed. Reports from Iowa indicate a big potato crop.

ILLINOIS.

Wheat.
Aurora division—In poor condition—good deal of it winter killed. Percentage of condition 40 to 50.

LaCrosse division.—Condition fair to good, no damage reported but needs warmer weather. Percentage of condition about 50.
Galesburg division.—Condition fair, good many places reported very poor and much winter killed. Is making fair progress. Some of it, however, that was in worse condition has been plowed up and ground planted with corn. Percentage of condition 50 to 60.

Oats.
Aurora division—Is in good condition, beginning to grow pretty well. Recent rains have helped. Percentage of condition 95 to 100.

LaCrosse division.—In good condition, making fair progress. Percentage of condition about 100.
Galesburg division.—In good condition, growing little slow on account of continued cool weather. Percentage of condition about 100.

Corn.
Pretty much all planted, but very little is up yet and it is a week old, or 10 days behind.

There is fair prospect for fruit of all kinds but peaches, but it is somewhat backward.
Pastures and meadows are improving—the recent rains having helped very much.

Weather during the week has been generally good for farm work but too cool for growing crops. Temperature ranging from 55 to 75 with some frost on one or two nights. We have had general showers over most of the district and soil is in very good condition except that it is cold—warm sunshine is needed.
Farmers have been generally planting corn.

IOWA DISTRICT.

Winter Wheat.
Burlington division—Standing slowly, average 50 per cent crop.
Ottumwa division—Large per cent killed during winter, about 75 per cent stand, acreage at many points that was killed now being plowed for corn.

Creston division.—Acreage about 50 per cent account winter killed.
Centerville division.—Fair condition, badly winter killed, will average 50 per cent crop.

Spring Wheat.
Burlington division—Fair, about 25 per cent crop.

Ottumwa division—Small acreage, in fair condition.

Creston division—Acreage about 100 per cent, condition good.
Centerville division—Very little planted on division.

Oats.
Burlington division—Fair, 85 per cent crop.

Ottumwa division—Good condition, 100 to 120 per cent estimated.
Creston division—Good condition, 100 per cent crop estimated.
Centerville division—Good condition, 125 per cent acreage, prospects good.

Corn.
Burlington division—Good, 70 to 75 per cent acreage. Early planted corn is up and shows good stand. Considerable plowing for corn yet to be done.

Ottumwa division—About 75 per cent planted.
Creston division—125 per cent acreage, planted, coming up good, prospects good.
Centerville division—Now being planted, some coming up.

Potatoes.
Burlington division—Very good—100 per cent crop.
Ottumwa division—In good condition. Too early to estimate crop.
Creston division—Acreage about 100 per cent, in good condition, prospects good.

Centerville division—In good condition, coming up, prospects good for heavy crop.

Fruit.
Iowa district—Good prospects for all fruits except peaches.
Pastures and meadows—Clover meadow frozen out. Recent rains improved pastures and meadows about 25 per cent. Part of crop winter killed.

Weather.
During first part of week cool and wet, becoming moderate last few days and favorable for farm work. Rain fall over district. Soil in good condition to work. Farmers engaged in plowing and planting corn.

COLD-SPRING HAS BADLY DAMAGED COTTON CROP

[By Associated Press Leased Wire.]

Washington, June 1.—Cold weather in April and May hurt the cotton crop severely thru the entire south.

An official statement today by the department of agriculture says: "Temperatures for many days in early May were so low that frost formed over in the southern part of the cotton belt. Much cotton was killed outright and the stand was damaged everywhere."

The condition of the cotton crop May 25 was 69.5 per cent of a normal, compared with 77.5 last year; 78.0 in 1915; 74.3 in 1914, and 79.1 the May 25 10-year average. The department of agriculture announced today in its first report of the season. The acreage planted to cotton will not be announced until July.

We are all in favor of law enforcement where the other fellow is concerned.

RAMBLES AWAY

Clarence Ramble, a Burlington railroad fireman, set his grip on the platform at the local passenger station last night while he went on an errand. Frank Strobel, 33 years old, who stands over six feet and claims Chicago as his home, waited until Ramble got out of sight and then picked up the grip. He started at top speed north thru the freight yards. A number of switchmen started after him and he was finally captured and turned over to Patrolman Clarence Olin. He is now in jail awaiting his hearing, which is set for 7:30 o'clock this evening.

NEWSPAPER ADVERTISING GAINING IN POPULARITY

SENTIMENT PART YEAR AGAINST FREE PUBLICITY, ALSO NOTED. (By Associated Press Leased Wire.) Chicago, June 1.—At the annual convention of the Inland Press association yesterday at the LaSalle hotel, Lincoln B. Palmer, manager of the American Newspaper Publishers association, spoke on the gain during the past year of newspaper advertising over all other forms of publicity.

William A. Thompson of the bureau of advertising of the A. N. P. A. delivered an address, showing increasing popularity of newspaper advertising over all other forms of publicity.

The association adopted resolutions protesting against the proposed tax on advertising matter in newspapers and against the proposed increased postage affecting newspapers. The resolutions were wired to P. M. Simans, chairman of the senate finance committee, and the following were appointed a committee to meet and advise with the senate finance committee in Washington next week against adverse newspaper legislation: Urey Woodson, Owensboro, Ky.; Lafayette Young, St. Paul, Minn.; A. W. Peterson, Waterloo, Iowa; and J. T. Murphy, Superior, Wis.

TAKE HIS HORSE

While Frank Augsburg, a farmer residing near Bala, and members of his family slept last night, someone broke into the barn and stole a horse and buggy. The theft was discovered by Augsburg when he got up this morning. The stolen horse is a black mare weighing about 1200 pounds. The buggy is a black Staver, with rubber tires. Augsburg notified the Aurora police of the theft early this morning.

How We'll Help Push Plans for Victory and Peace

To be of assistance to our Government in its negotiations to make The Liberty Loan a huge, over-subscribed success

The Aurora Trust and Savings Bank Will Keep Open Every Week Day Evening Until Thursday, June 14, Inclusive, from 6 to 8 O'clock P.M.

This is the only bank in Aurora, so far, to openly express its willingness to serve the United States and the masses, during a period of time, by keeping its doors open every evening, that those who must toil thru the day may have an opportunity after working hours, to learn the details and become full fledged subscribers to Uncle Sam's Liberty Loan.

Join Our Liberty Loan Partial Payment Club

Now Open for Membership

For \$1.25 a Week You Can Become a Government Bond Investor—and Help Your Country Fight

Never before have you been offered such an opportunity. For this is the first time in history that U. S. Government bonds have been offered in this manner.

The Government wants everyone to get in on this GREAT INVESTMENT. But the Government could not make these bonds for smaller sums than \$50.00 (the usual U. S. Government bond is of \$1,000 par value). There are thousands of people who have \$50.00 to invest, who could not possibly get together \$1,000 in cash. And there are many more people who have not \$50.00 on hand but who can spare \$1.25 a week.

And this is where the LIBERTY LOAN PARTIAL PAYMENT CLUB PLAN gives YOU your chance. The Government must get the full cash payment within a short period for all the bonds it sells, but when you tell us what size bond you want to buy WE WILL MAKE THIS FULL CASH PAYMENT FOR YOU—AND YOU CAN PAY US ON EASY TERMS.

HERE IS THE PLAN

as Formulated in Conjunction With Our 40 Weeks Savings Plan

3% Interest

\$ 1.25 a Week for 40 Weeks Buys a \$ 50 Bond	3% Interest
2.50 a Week for 40 Weeks Buys a 100 Bond	
12.50 a Week for 40 Weeks Buys a 500 Bond	
25.00 a Week for 40 Weeks Buys a 1,000 Bond	

You can buy all the bonds for which you can carry payments.

You pay no dues or fees of any kind. All your money goes toward buying bonds that will be your exclusive property.

You make all your payments to this bank and you receive a receipt for each payment. On or about July 3rd, 1918, when your payments are all made you are handed your bond right here at the bank. We go all the work of buying the bond and we shoulder all the expenses right up to the time your last payment is made—and then we present you with this U. S. Government Bond, the safest security in the world. We are ready to help you do your part.

HELP YOUR COUNTRY IN TIME OF WAR—and make a fine investment for yourself, netting 3 per cent interest all the while you are paying for your Bond.

The LIBERTY LOAN PARTIAL PAYMENT CLUB is now open for subscription. Enrollment and first payment must be made at once to secure purchase of bond. Come in at once and let us explain the whole plan.

INJUNCTION HALTS BOOST IN "Q" FARES

Road's Plans to Increase Passenger Rates June 1 Temporarily Delayed Here.

War Tax of Ten per Cent Also Effective Soon - Wabash Makes Test Case.

An injunction issued by the state in its fight to force the railroads to maintain the two-cent a mile passenger rate, has put a quietus on the plans of the Burlington and other railroads to raise rates to two and four-tenths cents per mile in Illinois, which was ordered to take effect today.

A few days ago orders were received at Burlington ticket offices to charge two and four-tenths cents per mile rate regardless of orders given to the contrary. The order was to take effect today, June 1. May 26, a bulletin was issued by Supt. H. W. Maxwell of the Burlington to suspend the increased rate which was to go into effect.

At the offices of the Burlington this morning it was said that the matter is now in court and no more instructions are expected until it is settled, which it is thought will be in 20 to 30 days. The proposed change in rates affects 26 railroads in the state.

Nothing new has been heard at the local offices of the Burlington road regarding the 10 per cent war tax increase in passenger rates. It was said this morning by a Burlington official that the war tax rate was scheduled to go into effect today. It was said that notice of from 15 to 30 days would be given, no doubt before such a movement was put into effect.

Wabash Makes Test Case.

Springfield, Ill., June 1.—Attorney General Brundage was informed this morning by Assistant Attorney General Wikstrom at Chicago that the Wabash Railroad company increased its passenger rates in Illinois from two cents to two and four-tenths a mile at midnight Wednesday, in alleged violation of an injunction issued in Cook county. A representative of the road to the attorney-general last night said there was no intention to disregard the court order.

Mr. Brundage is now awaiting further information from the Chicago office before proceeding against the Wabash. If it develops, he stated, that the road has violated the injunction, the case will be asked to cite the company for contempt.

The agent for the Wabash here said today all fares since midnight Wednesday had been based on the two and four-tenths cents a mile rate.

BUT FEW ABSENTEES CLAIMING EXEMPTION

Only a small percentage of Aurora men of draft age who have sent registration cards to City Clerk, Grimes, from other cities are claiming exemption. Most of those who have specified that they are married or that they have parents depending on them.

Following are some of those who have claimed exemption: David Grushman, poor eyesight. John Deneau, Colorado Springs, Colo., poor health.

Walter George Baysinger, religious scruples, says he is a Methodist. William Carl Bettendorf, father and mother depending on him.

Charles A. Howell, poor health. Francis Annings, poor health. Ralph Rittshausen, mother depending on him.

Charles Commoner, poor eyesight, rejected by navy recruiting office. Eugene Wesson, mother and sister, seven years old, depending on him.

About 50 per cent of the men who have claimed exemption are traveling men who are married and whose wives and families are residing in Aurora. One claimed a "private reason." Albert Downs, who is in New York city, claimed no exemption, but wrote on his card that his eyesight was poor.

N. Y. STORES STOCK UP WITH \$10 LIBERTY LOANS

(By Associated Press Leased Wire.) New York, June 1.—The Liberty loan \$10 participation certificates continued to be the popular form of subscription in New York today and retail stores and banks made large overnight purchases from the federal reserve bank to supply the demand.

All purchasers were required to enter their applications for bonds, for which the certificates may be used in payment when a sufficient number have been obtained. The certificates are not directly convertible.

Campaigns to popularize the loan on the east side and other congested districts of the city have been organized in more than 20 settlement houses, it was announced today.

MAY RECORD MONTH FOR U. S. SHIP BUILDING

(By Associated Press Leased Wire.) New York, June 1.—May stands a record month in the expansion of American maritime interests, according to statistics made public here today covering amounts of authorized capital stock of new shipping and ship building corporations organized.

The aggregate capital issued in May was \$47,450,000, of which nearly \$43,000,000 was for ship building alone.

WOULD TAX ALIENS

(By Associated Press Leased Wire.) Washington, June 1.—Former Governor Glynn of New York and former Mayor Fitzgerald of Boston today proposed to the senate finance committee a war tax of \$100 on each alien in the United States who has not expressed intention to become an American citizen. They said such a tax would raise \$200,000,000, which would be used to pay the cost of the United States would be exempt.

BANKER FAILS TO FIND CHILD HELD FOR RANSOM

(By Associated Press Leased Wire.) Springfield, Mo., June 1.—The mystery of the disappearance of 14-month-old Lloyd Keet, son of the prominent banker, J. Holland Keet, had not been solved here today. Apparently the search, which had been continued since the boy was taken from the family home Wednesday night, had come to a temporary standstill.

The father, wet, mud-stained and haggard, returned early this morning from an all-night motor trip thru the storm-swept hills of Green county, without a trace of the child having been found. He had gone out last night with \$5,000 in ransom money in response to an anonymous letter received earlier in the day saying that somewhere he would see a lighted lantern and there he was to leave the money for which the kidnappers would exchange the child.

PLANS WAR MEASURE FORCING MEN TO WORK

(By Associated Press Leased Wire.) Springfield, Ill., June 1.—A war measure to prevent idleness and reduce vagrancy was introduced by Senator Dunlap of Champlain today. It proposes to make it the duty of all able-bodied males from 16 to 50 years to be employed habitually and would make those who refused to work at least 36 hours a week guilty of a misdemeanor, punishable by 30 days' work on the public highway. Today's bill is similar to a measure in the West Virginia legislature. It would be effective only during the war time. A bill was introduced by Senator Barr to revise the laws in relation to food and salaries. Both were advanced to second reading without reference to a committee.

Mrs. Charles Wertzbauger of Twin Falls, Idaho, arrived today for a visit with her son, Carl Wertzbauger in Blackhawk street.

DECATUR LEADS WORLD WITH SUPPLY OF CORN

(By Associated Press Leased Wire.) Decatur, Ill., June 1.—Figures compiled by the grain men in this city today show that Decatur has on hand at the present time more corn than any other city in the world. There are 750,000 bushels of the yellow grain in Decatur elevators today.

Storm Wrecks Town.—(By Associated Press Leased Wire.) Gainesville, Tex., June 1.—The Catholic church, a general store and several residences at Lindsey, a town of 150 inhabitants, six miles west of here, were destroyed by a tornado early today. No one was killed but several were injured.

Be Careful About Your Food

As a rule people pay less attention to the food they eat than anything else they buy—and it's the most important. They use the best gasoline for their automobiles for with it the machines run better. They should look for the highest quality in foods and buy them where the price is lowest. Consider this: Quality first, then price, and you'll let us supply your household needs in Groceries.

Movie Notes

A new set of photographs of Carol Holloway has been made for use in exploiting "Hearts of Flame."

Antonio Moreno, whose next release will be in "The Magnificent Caddy," has just returned to New York after several months spent at the Hollywood studios of Greater Vitaphone. He completed his work in "The Lady Sheriff" and then spent several days before the camera in the role of a cowboy breaking an English horse and using an English saddle. These scenes will be used in "Richard the Brisen," the latest vehicle chosen for Mr. Moreno.

Florence LaBadie was seen the other day busily engaged in wielding a man's size spade in her back yard. Before her was a broad expanse of freshly turned sod. "What's the big idea," she was asked. "I'm doing my bit," she laughed. "I'm mobilizing my back yard!"

Frederick Warde appears for the first time in a modern role in "Hilton's Double," soon to be released.

One of the most common psychological phenomena is the sensation which one feels that a certain act or speech is a repetition of a similar act or speech which has been made at some previous time. Try as one will, it is impossible to recall the previous incident, yet the distinct impression remains that the deed was done or the speech was made at some time in the past. The theory of the transmigration of souls has been advanced as an explanation of this peculiar sensation, but that theory is not subscribed to by everyone. It is this peculiar sensation which forms one of the themes in Mrs. Petrova's picture, "The Flying Flame." In this tale, the audience holds the key to the explanation of this recurring impression, on the part of the English, that what she is doing has been done before but she herself is only mystified by the sensation. In the first part of the story she is an Egyptian princess who is loved by a shepherd. In the latter part of the story she is Grace Leslie, the daughter of a British army officer stationed in Egypt and the shepherd is a captain in the command. The linking up of the past with the present is typified by an Egyptian scarab which is passed on thru the centuries from the original pair and ultimately falls into the hands of the present day lovers.

Upon the heels of the concluding scenes of "Her Excellency the Governor," Director Albert Parker of the Tonkery Triangle studio immediately began work on another play featuring Wilfred Lynde and Eida Millar. Edward Walton and Maggie Breyer will be seen in the forthcoming play "Old Times" whose character parts have made them well known. From the days of Barrett and Wallack down to the present, Walton has played with all the great dramatic artists, his connection last season having been with David Warfield in "Vanderdecken." His part in "The Witching Hour" several years ago was a conspicuous triumph. Maggie Breyer has been a familiar stage figure for fifty years, her best known part being that of "Aunt Mathilda" in "The Old Homestead," which she played for sixteen years.

Many know Frank Currier the movie actor, but few people recognize Frank Currier the seaman. Yet the actor is the same one who went down with Holland in his first submarine, the "Irish Ram," way back in '81. Currier has many a thrill to relate of that first under water experiment, when with their little sixty foot craft, they descended from Bayonne into the water and ran the boat's nose deep into a mud bank, just to see if they could get her out again. The hot air engine wouldn't budge her, Currier narrates and their oil lamp had crashed to the floor leaving them in suffocating darkness. See "Holland" charged his gun and fired, and the little craft was shot up to the surface and safe. And the theory of the submarine was proven.

William S. Hart in "Wolf Lowry" is to be seen not as a gambler, but as a man, gun-fighter or a killer. His famous side shooters are drawn only once and then with chivalrous intent. Hart plays the part of a ranchman—a grim, silent man who is a sort of king of his vast domains. The story circles around the one love adventure of a solitary man's life, a love which ends in self-sacrifice and redemption.

"Wolf Lowry" is the latest western drama in which Hart is starred by Thomas H. Ince on the Triangle program. It was written by Charles Turner Dacey.

Accompanied by nearly 2,000 motorcycleists, Ruth McCord began this week her 25,000-mile trip to the four corners of the United States on her Indian motorcycle. Her first stop will be San Diego, where the city officials will assist her in placing the first monument marking her start from the southern corner of the country. The schedule foretells her return to Culver City studios in September, 1918, after having visited every Triangle exhibitor in the United States.

A number of civil war veterans from the Old Soldiers' Home near Los Angeles were engaged to support Edna Bennett in her new play, "The Girl Glory," of the days of '61.

ANNE PENNINGTON

Little Anne divides her time between "Ziegfeld's Follies" and the movies. She loves to dance and most any airy fairy costume will do.

A realistic battle is shown in the last two episodes of "Patria." Patria Channing, played by Mrs. Vernon Castle, uses the enormous fortune left her by her father to defend the United States from invasion by a foreign foe. The government, not realizing the imminence of danger, is unprepared. Patria, however, warned of the menace in time, hires thousands of men and has them properly trained. When the invaders cross the border they find her army waiting fully prepared. In these two episodes were employed nearly 9,000 men and all the appliances of modern war—armored tanks, dirigibles, aeroplanes, gas masks, gas making shells, etc. Two and a half miles of trenches were dug, timbered and protected by barbed wire. The battle effects are wonderfully spectacular. Exploding shells throw up huge columns of dirt and rocks. Two dirigibles are shell-

ed while high in the air and are brought down in flames. An aeroplane is also brought to the earth. Armored tanks plow thru the barbed wire as tho it was made of cotton thread. A large house is struck by a shell and blown into the air. A bridge is also hit by shells, and its timbers are spilled all over the landscape. The piece de resistance, however, is the battle at night. The only light for the photographing of these scenes came from the "star shells," such as are used on the battle line in France.

Georgie Stone was recently elevated to stardom by Thomas H. Ince. Georgie was so delighted that he gave a stag party for the other male stars of the Ince studio. Among those invited were Charles Ray, William S. Hart, William Desmond, Kenneth Harlan and Charles Gunn.

Quality Is Economy

ALL standard tires are much alike in quality. But the Hood Tire is so superior in every way that it stands out alone in a class by itself.

Hood Tires are built differently with more plies of fabric, better fabric, more and better rubber.

No better tire can be made than the Hood Tire. With it there is record of mileage which sets a new standard of tire service.

Naturally following this superlative quality comes the true dollars and cents economy—the genuine saving which is so evident to every user of Hood Tires.

Back of the Hood sign is not only the well recognized quality of Hood Tires, but the whole hearted service and co-operation of the Hood agent.

For the convenience of our customers, we operate three service cars, which make free deliveries of tires, tubes, and other supplies within a radius of five miles.

Says Joe Frey:

Just a week ago today, you remember, I told you that liquors were destined to increase in price, anywhere from a dollar to a dollar and a half a gallon. This on account of the increased cost of grains and the proposed war tax.

All of which brings to mind the fact that it might not be a bad idea to anticipate the future and stock up with wanted "spirits."

In the meantime, you can still buy my bottled goods at the old prices. "Special Reserve" Whiskey, same as ever, in full quart measure at \$1.00, and so on along the line.

This, too! If you're not interested in liquors, you may be in a good home. I want to sell my comfy bungalow on South LaSalle street. It's an attractive place at an attractive price—where two, three or more of a family can enjoy this life to their heart's content. I'll be glad to show it to any man who rings my phone—189.
